NATIONAL DRUG ABUSE TREATMENT SYSTEM SURVEY (NDATSS) CODEBOOK¹

Introduction

The National Drug Abuse Treatment System Survey (NDATSS) is a longitudinal program of research into organizational structures, operating characteristics, and treatment modalities of outpatient drug treatment programs in the United States. This is done through interviews with program directors and clinical supervisors. In some publications, this research is referred to as the Outpatient Drug Abuse Treatment Studies (ODATS).

Data being released through the Substance Abuse and Mental Health Data Archive (SAMHDA) include Wave II (1988), Wave III (1990), and Wave IV (1995).

Wave I (1984) of NDATSS included only drug-free outpatient treatment programs. Wave II saw a significant redesign; most notable was the inclusion of methadone-based, as well as outpatient treatment programs. Wave I is not planned for public release because it had a significantly different sample design than the other waves.

Sample Design and Universe

Wave I

Though Wave I is not a part of this public release, its sample design is relevant due to the longitudinal design. A stratified random sample of n=413 outpatient drug treatment units were selected. The sample was selected from national databases of federally supported treatment programs and was restricted to outpatient drug treatment programs that were drug-free (i.e., they did not use methadone or related treatments). Alcohol treatment programs were excluded. The primary stratification criteria included: location (inner city, suburban, rural), funding agency (NIMH or NIDA), and program classification (freestanding versus those based in a community mental health clinic (CMHC)).

Wave II

As mentioned previously, the survey population for Wave II was expanded to include methadone-based treatment programs. The Survey Research Center's (SRC) sampling section developed a comprehensive national frame of approximately 8149 program listings to meet the expanded sample requirements. The primary stratification criteria of the National Sample Frame of Drug Treatment Programs (NSFDTP) had: public versus private program, methadone versus drug-free treatment, and program type (CMHC, hospital, or freestanding). After selecting a stratified random sample, screening for eligibility, and selecting a stratified subsample, 438 programs were chosen for inclusion in the survey.

¹ Sections of this codebook were taken from Steven G. Heeringa, "Outpatient Drug Abuse Treatment Studies (ODATS). Technical Documentation for ODATS IV." SRC Survey Design and Analysis Unit. Institute for Social Research, March 12, 1996 and from P. Flyer, "Final Weighting Documentation". Sampling Section, Survey Research Center, Institute for Social Research, 1990.

In addition to these programs, an additional 207 programs from Wave I were deemed to be eligible programs and were added as a recontact sample. A total of 575 programs provided a program director interview, a clinical supervisor interview, or both.

Wave III

No sample of new programs was included in Wave III, which was a longitudinal follow-up of the programs that were successfully interviewed in Wave II. In Wave III, 550 programs were found to be still operating and eligible, and 481 total programs provided a program director interview, a clinical supervisor interview, or both.

Wave IV

Wave IV included both a longitudinal sample of those programs that completed waves II and III, and was also supplemented with a new stratified random sample from a completely updated National Frame of Substance Abuse Treatment Programs (NFSATP).

Interviews were attempted with the 429 programs that participated in Waves II and III, and were also still operating and eligible. In Wave IV, 387 total programs provided a program director interview, a clinical supervisor interview, or both.

The sample frame for the new supplemental cross sectional sample is a subset of the NFSATP. The full NFSATP database is the integration of four drug treatment program databases:

- National Facilities Register (NFR), 1992 NDATAUS (a predecessor to the National Survey of Substance Abuse Treatment Services, N-SSATS) – provided to the SRC by the Substance Abuse and Mental Health Services Administration (SAMHSA).
- The 1994 American Hospital Association (AHA) Survey – added to ensure comprehensive coverage of hospital-based programs.
- 1994 FDA List of Licensed Methadone Treatment Programs – printed list provided to SRC by the FDA at the request of SAMHSA.
- The Survey Sampling, Inc. (SSI) Business Data Base – purchased in order to ensure comprehensive coverage of privately operated programs.

The Wave IV sample was assigned to 12 stratum codes as defined by the same primary stratification criteria as existed for the Wave II sample (public vs. private program, methadone vs. drug-free treatment, and program – CMHC, hospital, or freestanding). However, the database components of the NFSATP did not always supply all the necessary information needed to classify each program to one of the 12 strata. These programs with incomplete information for stratum assignments were, as a rule, included in the private, non-hospital, non-methadone stratum.

It was determined that the outpatient drug treatment program sector that had experienced the most growth correlated with the private, non-hospital, non-methadone stratum. Thus it was decided that the supplemental sample would be a subsample of the NFSATP programs that were known to be private, non-hospital, non-methadone programs or for which there was incomplete information for proper classification into one of the 12 stratum as described above. After initial screening of this subsample for eligibility, 270 programs were determined to be eligible for interviews. Of these, 231 total programs provided a program director interview, a clinical

supervisor interview, or both. Based on the more complete information gathered from the interviews, 81 programs were reclassified into one of the other 11 stratum.

Nature of the Data

Many of the variables fall into three categories: facility financial information, client counts, and director/supervisor background information. The remaining variables fall into a wide range of topics (opinions, staff/client information, programs and services offered, etc.). Staff and client information are only reported in aggregate.

Confidentiality Protection

Several measures were taken to protect the confidentiality of the NDATSS facilities, as well as the facility directors and clinical supervisors. First, direct identifiers such as facility, supervisor, and director IDs were removed from the file. Second, no geographic identifiers are included in the public-use file. Finally, some variables were categorized and recoded so that details that might identify an individual (e.g., specific age) would be less likely to do so. The recodes are provided in Table 1.

Table 1. Recodes

Wave	Variable	Original codes	Recodes

Weighting Information

Each of the three data files come with two weight variables, a trimmed weight and a centered weight. Both of these weight variables are derived from an original weight variable (not included in the public data file). For each wave of the data, the original weight variable was produced by the principal investigator in order to reduce bias, which may be associated with unequal sample

selection probabilities and non-response. Trimmed and centered weights are defined as follows:

Trimmed Weight: One disadvantage of weighting to decrease bias is that it might increase the variance of weighted estimates. When it appears that a few weights are disproportionately affecting the variance, then outlier weights are often trimmed. With trimming it is implicitly assumed that the potential increase in bias is small relative to the reduction in variance. The ultimate goal of weight trimming is to reduce the sampling variance more than enough to compensate for the possible increase in bias and, thereby, to reduce the mean squared error. For this study, the trimming consisted of reducing outlier weights to a value slightly larger than the next largest value within the same stratum. To maintain the total sum of all weight values, the excess "trimmed" weight was then redistributed to the other weight values within the same stratum.

Centered Weight: When a typical weight is applied, the weighted estimates are inflated to the full population value from which the sample was drawn. This results in standard errors that are inappropriately deflated. Centered weights are commonly used to avoid this problem. The centered weights for this study are calculated by taking the trimmed weight for each case and dividing by the mean of the trimmed weight variable.

User Responsibility

Users are reminded that the data are to be used solely for statistical analysis and reporting of aggregated information and not for investigation of specific individuals or organizations.

Processor Note

Many of the variables in this study have value labels that have been shortened or abbreviated by the principal investigator (PI) due to space considerations. For many of these instances, the original PI supplied codebooks can be referenced for a more detailing listing of value labels. These codebooks are included in this document as appendices. There are two PI codebooks, one director and one supervisor codebook for this wave of data. The variable numbering (naming) in the PI codebooks does not always exactly match up with the variable numbering in the public release data files. However, the primary use of these PI codebooks is the value label tables within each codebook.

UNIT FUNDING

V10059 B1.CONTACT OTHER R

The following questions concern revenues, expenses, insurance coverage and the volume of services provided at your unit. I am interested in getting as accurate information as possible. If someone else in your organization would be the more appropriate person to give us this information, I would be glad to contact this person after we finish this interview and skip over these questions for now. Is there another person whom you would prefer us to contact for revenue and expense information?

Outpatient Drug Abuse Treatment

General Coding Instructions Director's & Supervisor's Questionnaire

1. Project Staff Editors have used **green pencil** to indicate changes/ updates/ revised data for you to code-- always enter the figures indicated in green. If you have a question about the editing, feel free to ask the Editing (Tom Vaughn) or Coding (Joan Scheffler) Supervisors.
2. Before you begin coding, read the Thumbnail sketch.
3. As you code, read all marginal notes! This is critical for these questionnaires, as there are a wide variety of SA units or agencies trying to answer questions that may be very difficult for some kinds of units. If no one is immediately available to answer a question, do not ignore the problem. Indicate what you code in blue pencil beside the item and flag the page with a small "yellow stick" (post-it-note). If your decision requires a MAKE CARD, fill it out, but leave it in the interview at the flagged page. Put these interviews on the Coding Supervisor's desk or in a "problem box" if one is provided.
4. If a range is given in answer to an amount or % question, code the midpoint. If the midpoint=.5 (and no decimal places are allowed in the coding format), round to the nearest whole odd number.

EXCEPTION: If a range is given in answer to a request for an average or "typical" amount and it is broader than 20 points, make a card or ask a supervisor before coding a midpoint.
5. Many numbers are indicated by interviewers as "10 ---> 25." This is not a range. This is an arrow which indicates a change in the Respondent's answer and should be coded as the new figure only (in this example, code 25).
6. If an amount question is answered with less than one (but more than NONE), please code the fraction as one.
7. PLEASE NOTE: If range given to V10215, V10234 or V10254, you must code the midpoint to one decimal. Therefore, an answer of "5-6" should be coded 055.
8. If you have an answer outside a valid code range, code the actual amount given by R, override the error message, and make a card. We will expand the machine range to include actual responses. Be sure to give the card to the Coding Supervisor, not just put it in a stack on your desk or the Card Box, as we need to get these changes made as promptly as possible.
9. When any MAKE CARDS are required, leave inside interview (at appropriate pages) and give interview and cards to Joan for review.
10. On "organizational girds" like D10 (DIR) or B23 (SUP), when item b (type) is all blank, or "none" is written in, code 5 for each of the options (A-C or A-D); when item c (level) is left blank or marked "none," code 9 (NA).

ODA Wave 4 -- GLOSSARY OF ABBREVIATIONS

AA	Alcoholics Anonymous
ADAMHA	Alcohol and Drug Abuse and Mental Health Administration (source of funds often only referred to as "Block Grant")
ACOA	Adult Children of Alcoholics
ADETS	Alcohol/Drug Education Traffic School
CDAC	Certified Drug/Alcohol Counselor
CMHC	Community Mental Health Center
COA	Children of Alcoholics
Co-Dependency Program	Client and a partner go through a therapy program together
DA	Drug Abuse
DEA	Drug Enforcement Agency
DRG	Diagnostic Reference Group
Dual Diagnosis	Client with a (major) mental health problem <u>and</u> a drug problem
DUI/DWI	Driving Under the Influence or Driving While Intoxicated (court designations which often send arrestees into counseling programs)
EAP	Employee Assistance Program
FDA	Food and Drug Administration
HERO	An AIDS program
JCAH	Joint Commission on Accreditation of Hospitals
JCAHO	Joint Commission on Accreditation of Health Organizations
LAAM	L - Alpha - Acetyl- Methadol (a new treatment using opioid receptor blockers)

MHMR	Mental Health and Mental Retardation
NA	Narcotics Anonymous
OSAS	Office of Substance Abuse Services (state)
Outreach	has two different used: a. outreach into community to educate the general public b. outreach to where clients are--onto the streets, etc.
PTSD	Post Traumatic Stress Disorder (frequently refers Vietnam veterans)
SA	Substance Abuse
STARR	Street Teens for AIDS Risk Reduction
Title 20	Federal Public Insurance funded by H.H.S.
648 Board	Community Mental Health Contract Board (name comes from the number of the legislation designating their function)

OTHER TREATMENT/SERVICES MASTER CODE

For use with Director Q's A7a, A8a, A9a, B2a, C11h, C12h, C13h

NOTE: Ignore use of the adjective "intensive" with programs or services (e.g., "intensive group therapy" = 93), except code 94. Ignore references to day, evening, weekend, etc. in program descriptions except where response is indicating partial hospitalization, code 95.

COMMUNITY SERVICES

01. Education/Prevention; outreach to community groups, schools (exc. 02); "education"--NFS
02. AIDS education/information (any other AIDS mentions, code 61)
03. Crisis intervention; Hot Line; emergency (medical) services

INTER-AGENCY SERVICES (use with Q's C11h, C12h, C13h)

04. Staff training and development; workshops; "supervision"; education (of staff)
05. (Clerical) Support functions; computer or information systems; data processing; payroll/billing/purchasing/telephone services; record keeping
06. Building maintenance; food service; housekeeping; security services
07. Administrative; quality assurance; contract management; planning; "general management"; "problem solving"

CLIENT SERVICES

11. Evaluation/assessment--NFS or to assess treatment needs; "diagnostic assessment"; psychiatric exam; "screening"; "consultation"--NFS
12. Referral service: help client make other contacts for help; "Case Management"; resource networking
13. Aftercare; treatment follow-up services; "extended care" "relapse treatment"
14. Rehabilitation program/services--NFS

21. Job or vocational services: Employee Assistance Program (EAP); training/development/placement; vocational counseling; occupational therapy (OT)
22. Educational assessment or placement; GED; Basic Education courses
23. Family involvement/intervention; support for families of persons with alcohol/drug problems; parent groups; family education/program/therapy/counseling (also see code 34)

31. Basic needs assistance: housing, food, clothing; include shelter for the homeless or abused; "social services"--NFS
32. Daycare (for children, seniors, or as supervision of any adult)
33. Independent Living program; halfway house; transition program from institution to living on one's own; group home
34. Parenting/childcare education; "pregnancy and childbirth classes"; "Parents Anonymous"
35. Exercise; nutrition info or counseling; weight loss; smoke stoppers; social events; arts and crafts
36. Treatment accessibility; open/maintain other treatment locations; satellite offices; easier transportation; more convenient hours

(OTHER) TYPES OF THERAPY

41. AA (Alcoholics Anonymous) or NA (Narcotics Anonymous); "self help groups"--NFS
42. Co-dependency treatment program
43. Dual-diagnosis treatment program (drug and mental illness)
44. General mental health counseling or therapy; marital counseling; "counseling for all/any kinds of problems"; "psychiatric"--NFS; grief or loss counseling; domestic violence program; sexual abuse; gambling

TREATMENT/SERVICES MASTER CODE (cont'd.)

MEDICAL INTERVENTIONS

- 50. TB testing
- 51. Medical services/exams; "physicals"; urine analysis; physician services; dental; chronic pain group
- 52. Detox; methadone detox

DRUG THERAPY

- 53. Methadone; methadone maintenance
- 54. Antabuse
- 55. Naltrexone; Trexan
- 56. Symmetrel
- 57. Acupuncture
- 58. LAAM

- 59. Other medication treatment

TREATMENT/PROGRAMS FOR PEOPLE WITH SPECIFIED DRUG/PROBLEM AREA

- 61. AIDS (any mention except 02); HIV testing
- 62. DWI/DUI
- 63. Alcohol
- 64. Cocaine
- 65. Eating disorders; bulimia; anorexia
- 66. Multi-drug use or addiction
- 67. Prisoners/parolees/probationers/court generated clients (except 62)

- 69. Other specified drug/problem area

TREATMENT/PROGRAMS FOR TARGET POPULATION NOT CODEABLE ABOVE

- 70. Men
- 71. Women (include pregnancy problems)
- 72. Adolescents/teens; juvenile delinquents; runaways; children
- 73. Elderly/older adults; seniors
- 74. Minorities (including Native Americans)
- 75. Gays and/or lesbians
- 76. Veterans
- 77. Low income/poor; "people who can't pay for services"
- 78. Handicapped; wheelchair bound; hearing impaired

- 79. Other target population

SERVICES SPECIFIED AS INPATIENT/RESIDENTIAL

- 81. "Inpatient services or treatment"--NFS
- 82. Inpatient alcohol treatment
- 83. Inpatient detox
- 84. Inpatient methadone maintenance
- 85. Inpatient general mental health treatment

- 89. Other inpatient services; school/classes for inpatients; inpatient vocational training/counseling

TREATMENT/SERVICES MASTER CODE (cont'd.)

MISCELLANEOUS

Low
Priority

91. "Therapy"/"counseling"/"treatment"--NFS; "intervention"--NFS

92. Individual therapy/counseling--NFS

93. Group therapy--NFS

94. Intensive (outpatient) program--NFS

95. "Partial hospitalization" program; "4 hr. per day program"

97. Other; religious counseling

AGENCY/ORGANIZATION MASTER CODE

For use with Director Q's B13, B14, D1e, D2a, D3a, D3b, D6a and Supervisor Q D12e

Health Care Payers

01. Medicaid; MediCal; "Title 19"; "welfare"; "medical assistance"
02. Medicare; "Title 18"
04. Champus
10. Blue Cross/Blue Shield; Blue Care HMO
11. HMO: any except 10
12. Other specified insurance carrier: Aetna, Connecticut General, Travelers, Metropolitan, etc.
15. Multiple insurance companies in a single mention: "many," "various companies," "all lumped together"; "3rd party payers"
16. Company or group of workers listed as insurers (B18a-f) (may include union plans); "postal servers"; "oil field employees" [NOTE: these could include companies reimbursed by insurance carriers/unions/HMO's which are not identified]
17. Other health care payers

Federal Agencies

21. Federal Court/parole/probation system; Federal Bureau of Prisons
22. American Indian affairs--any federal agency
23. NIDA--National Institute on Drug Abuse
24. NIAAA--National Institute on Alcoholism and Alcohol Abuse
25. NIMH--National Institute for Mental Health
26. FDA--Food and Drug Administration
27. DEA--Drug Enforcement Agency
28. VA--Veteran's Administration
30. HHS--Health & Human Services; Social Security; Education; "Human Affairs"
31. ADAMHA--Alcohol, Drug Abuse, and Mental health Administration; OSAP (Office of substance Abuse Prevention)
33. CDC--Center for Disease Control
37. Other Federal agencies; Food Stamp program; Federal Register
38. Any references to "Title 20" funds not codeable elsewhere
39. Other federal listings in B7d-f where an agency is not specified; "Alcoholism Block Grants"

Agency and Organization Master Code

State Agencies

40. State Board of Pharmacy
41. State Court or parole/probation/prison system
42. Dept. of Health/Public Health/Mental Health/Health and Rehabilitative Services/Mental Health and Mental Retardation/Health and Human Services; Dept of Public Institutions

State Agencies con[]t

43. Dept. of Social Services/human Resources/Social and Rehabilitative Services/Welfare Services;
Dept. of Education
44. Alcohol/Drug Abuse/Substance Abuse--any unit (div./dept./office/commission, etc.) (CADA) (ADAS)
46. (State) V10126 or V10127 Funds (Use in Section B funding questions only)
47. Other State Agencies
48. Dept. of Licensing/Certification/Regulations
49. State level--NA agency

Local Courts

51. Any mention of city/county/local courts
54. Local alcohol agency

All other local references (incl. schools):

55. "County" or specified county name; "county council"
56. "City" or specified city name; "city office of A+DA services"
58. Local--NA level; "community SA services"; "schools/ university"--NFS
59. Other local agencies; include intrastate/"regional"
61. Other Governmental programs--NA level; include here references to "taxes" as funding source where the gov't. level is not specified; "mini bottle tax plan"

Non-governmental Organizations

71. Business or industry donations or grants, incl. foundations; EAP (Employee Assistance Program)
72. United Way
73. JCAHO--Joint Commission on Accreditation of Healthcare Organizations; Commission on Accreditation of Rehabilitative Services
74. Hospitals--NFS
75. CODAP--Client Outpatient Drug Abuse Profile
76. Community organizations (i.e., Kiwanis Club), incl. churches; AA
77. Professional organizations (i.e., American Association of Nurses); Family Service Association of America
79. Other non-governmental organizations

Unit's Own Efforts

81. Interest (income on savings or assets)
82. Sales of goods or services;; book sales; consulting fees; students on field placements; training (other people's staff) to deal with SA
83. Fund raising activities (for donations); "membership drives"; campaign for funds; "gifts/donations"
89. Other "own efforts" sources of revenue
97. Other funding source/agency/organization

VAR NAME

SECTION E

This section of the survey is about managed care. By managed care, we mean that organizations who pay your unit impose treatment guidelines or restrictions, such as pre-authorization and utilization review. Your unit must follow these guidelines or restrictions in order to be paid for the services you provide.

Some managed care arrangements are contracts that your unit may have with managed care or insurance companies. For example, your unit may have a contract with an HMO, PPO or other organization. Other managed care arrangements are not contractual, but may impose the same guidelines and restrictions as contractual arrangements. For the purposes of this survey, please think of all your unit's managed care arrangements, both contractual and non-contractual.

V10362 E1. In the most recent complete fiscal year, did your outpatient substance abuse treatment unit participate in any managed care arrangements?

1. YES

.C in V10363-V10396;

WAVE 4 (1995), SUPERVISOR INTERVIEW
January 1996

Outpatient Drug Abuse Treatment

General Coding Instructions Director's & Supervisor's Questionnaire

1. **Project Staff Editors** have used green pencil to indicate changes/ updates/revised data for you to code--always enter the figures indicated in green. If you have a question about the editing, feel free to ask the Editing (Christy Lemak) or Coding (Joan Scheffler) Supervisors.
2. Before you begin coding, read the Thumbnail sketch.
3. As you code, read all marginal notes! This is critical for these questionnaires, as there are a wide variety of SA units or agencies trying to answer questions that may be very difficult for some kinds of units. If no one is immediately available to answer a question, do not ignore the problem. Indicate what you code in blue pencil beside the item and flag the page with a small "yellow stick" (post-it-note). If your decision requires a MAKE CARD, fill it out, but leave it in the interview at the flagged page. Put these interviews on the Coding Supervisor's desk or in a "problem box" if one is provided.
4. If a range is given in answer to an amount or % question, code the midpoint. If the midpoint=.5 (and no decimal places are allowed in the coding format), round to the nearest whole odd number.
EXCEPTION: If a range is given in answer to a request for an average or "typical" amount and it is broader than 20 points, make a card or ask a supervisor before coding a midpoint.
5. Many numbers are indicated by interviewers as "10 ---> 25." This is not a range. This is an arrow which indicates a change in the Respondent's answer and should be coded as the new figure only (in this example, code 25).
6. If an amount question is answered with less than one (but more than NONE), please code the fraction as one.
7. PLEASE NOTE: If range given to V726, V819 or V839, you must code the midpoint to one decimal. Therefore, an answer of "5-6" should be coded 055.
8. If you have an answer outside a valid code range, code the actual amount given by R, override the error message, and make a card. We will expand the machine range to include actual responses. Be sure to give the card to the Coding Supervisor, not just put it in a stack on your desk or the Card Box, as we need to get these changes made as promptly as possible.
9. When any MAKE CARDS are required, leave inside interview (at appropriate pages) and give interview and cards to Joan for review.

ODA Wave 4 -- GLOSSARY OF ABBREVIATIONS

AA	Alcoholics Anonymous
ADAMHA	Alcohol and Drug Abuse and Mental Health Administration (source of funds often only referred to as "Block Grant")
ACOA	Adult Children of Alcoholics
ADETS	Alcohol/Drug Education Traffic School
CDAC	Certified Drug/Alcohol Counselor
CMHC	Community Mental Health Center
COA	Children of Alcoholics
Co-Dependency Program	Client and a partner go through a therapy program together
DA	Drug Abuse
DEA	Drug Enforcement Agency
DRG	Diagnostic Reference Group
Dual Diagnosis	Client with a (major) mental health problem <u>and</u> a drug problem
DUI/DWI	Driving Under the Influence or Driving While Intoxicated (court designations which often send arrestees into counseling programs)
EAP	Employee Assistance Program
FDA	Food and Drug Administration
HERO	An AIDS program
JCAH	Joint Commission on Accreditation of Hospitals
JCAHO	Joint Commission on Accreditation of Health Organizations
LAAM	L-alpha acetyl methadol: A new treatment using opioid receptor blockers

MHMR	Mental Health and Mental Retardation
NA	Narcotics Anonymous
OSAS	Office of Substance Abuse Services (state)
Outreach	has two different uses: a. outreach into community to educate the general public b. outreach to where clients are--onto the streets, etc.
PTSD	Post Traumatic Stress Disorder (frequently refers to Vietnam veterans)
SA	Substance Abuse
STARR	Street Teens for AIDS Risk Reduction
Title 20	Federal Public Insurance funded by H.H.S.
648 Board	Community Mental Health Contract Board (name comes from the number of the legislation designating their function)

SECTION A

In this interview, whenever I use the terms "your outpatient unit," I am referring only to (the) (NAME OF THE UNIT/UNIT DESIGNATION) located at (ADDRESS OF UNIT). Also, when I use the term "substance abuse", I am referring to either alcohol or drug abuse, or both.

I would like to ask you some questions about sources that refer substance abuse clients to your outpatient unit.

VAR NAME

- A1. In the most recent complete fiscal year, what percent of your unit's outpatient substance abuse clients were referred by each of the following:
- V11012 A1a. ...courts, police and other law enforcement?
- Code % (000-100)
- .D = DK
.E = NA
.F = NO INTVW
.J = NOT WAVE
- V11013 A1b. ...other substance abuse treatment facilities?
- Code % (000-100)
- .D = DK
.E = NA
.F = NO INTVW
.J = NOT WAVE
- V11014 A1c. ...mental health agencies or providers?
- Code % (000-100)
- .D = DK
.E = NA
.F = NO INTVW
.J = NOT WAVE
- V11015 A1d. ...hospitals, physicians and other general healthcare providers?
- Code % (000-100)
- .D = DK
.E = NA
.F = NO INTVW
.J = NOT WAVE

VAR NAME

- V11016 A1e. ...vocational rehabilitation or other social service providers?
Code % (000-100)
.D = DK
.E = NA
.F = NO INTVW
.J = NOT WAVE
- V11017 A1f. ...schools?
Code % (000-100)
.D = DK
.E = NA
.F = NO INTVW
