Promise of confidentiality
A promise to a respondent or research participant that the information the respondent provides will not be disseminated in identifiable form without the permission of the respondent; that the fact that the respondent participated in the study will not be disclosed; and that disseminated information will include no linkages to the identity of the respondent. Such a promise encompasses traditional notions of both confidentiality and anonymity. In most cases, federal law protects the confidentiality of the respondent's identity as referenced in the Promise of Confidentiality. Under this condition, names and other identifying information regarding respondents would be confidential.

Research subject
A person or organization that participates in a research study. A research subject may also be called a respondent. A respondent is generally a survey respondent or informant, experimental or observational subject, focus group participant, or any other person providing information to a study.

Interview Form C
Hello, I'm [name], and I'm working on a nationwide survey for Response Analysis Corporation of Princeton, New Jersey, sponsored by the U.S. Department of Health, Education, and Welfare. You should have received a letter from The George Washington University a few days ago, telling about this survey. (SHOW COPY OF LETTER, IF NECESSARY.) As is always true in our work, the answers which you give us will be kept strictly confidential. The results are a statistical tabulation of everyone's answers, and no names are ever connected with the survey. Most of the questions are about mood altering drugs of potential abuse, including alcohol and tobacco.

I would like it understood between us that if I ask you any questions that you don't want to answer, obviously you don't have to. If it is all right with you, let's get started. (PAUSE TO GIVE RESPONDENT A CHANCE TO ASK QUESTIONS OR TERMINATE.) The results of this study will provide the Federal Government with its main source of information on drug experience, knowledge, and attitudes and will be used for important research and management purposes.

INTERVIEWER: AFTER READING PARAGRAPH "A" AND PARAGRAPH "B" TO RESPONDENT, GO TO Q. 1, TOP OF PAGE 2.

IF RESPONDENT IS A YOUTH, READ PARAGRAPH "A" (ABOVE) TO THE PARENT, THEN OBTAIN PARENTAL PERMISSION IN THE FOLLOWING WAY:

(HOLD OUT QUESTIONNAIRE IN A GESTURE OF OFFERING IT TO THE PARENT SO HE/SHE MAY TAKE IT IF HE/SHE WANTS TO, AND CONTINUE:) This is the questionnaire we will be using. (IF PARENT WANTS TO EXAMINE QUESTIONNAIRE, LET HIM/HER DO SO, ANSWER ANY QUESTIONS, AND THEN SAY:) If it is all right with you, we could get started. The results of this study will provide the Federal Government with its main source of information on drug experience, knowledge, and attitudes and will be used for important research and management purposes.

RECORD IF PARENT TOOK THE QUESTIONNAIRE FROM YOU: 1 YES TAKING QUESTIONNAIRE 2 NO QUESTIONNAIRE

AFTER OBTAINING PARENTAL PERMISSION, READ PARAGRAPH "A" AND PARAGRAPH "B" (ABOVE) TO YOUTH WHO IS THE RESPONDENT.

The next questions are about alcoholic beverages. The questions are set up so that I will not know the answers that you give.

After I read each question to you, do not show me what your answer is. Just mark it on your answer sheet.

When we finish this page, I will ask you to put it in the envelope. I will not see it. At the end of the interview, I shall ask you to seal the envelope.

No one will ever be able to connect your answers to you.

Now let's start. READ THE QUESTION NUMBER -- "Question A-1" -- AS PART OF THE QUESTION.

Question A-1. About how long ago was the first time that you had a drink?

We have set up every question so that you can answer it whether or not you have ever used alcohol.

Each question has an answer category that fits you.

As we go through these, please be sure you mark an answer for each question. That is the only way we know that you looked at the answer categories.

Question A-2. Please look at Question A-2 which asks you to write in the age that shows about how old you were at the time you had your first drink. If you are not sure, please give your best guess; or circle the "X" if you have never had an alcoholic drink.

READ EACH QUESTION NUMBER OUT LOUD AND THEN READ THE QUESTION.

Question A-3. When was the most recent time that you had a drink? About how long ago was that?

Question A-4. Thinking over the past 30 days, on about how many different days did you have one or more drinks? Please write your answer on your answer sheet. Do not tell me the answer.
Question A-5. Over the past 30 days, what is the most you had to drink on any one day? If you did not have any drinks during the past 30 days, please circle the "X."

Question A-6. Still thinking of the most drinks which you have had on any one day -- the answer which you just gave -- mark your answer sheet to show the number of different days on which you had this number of drinks.

KEEP READING

Sometimes, when we use this answer sheet system, things get mixed up. So we have added the last two questions on the answer sheet for you to fill out.

Question A-7. This asks you "Did you understand each question on this page?" Please circle a "1" for a "Yes" answer and a "2" for a "No" answer.

On this answer sheet for alcoholic beverages, I am allowed to ask you about Question A-7. Please tell me if you answered "Yes" or "No" to that question.

RECORD WHAT THE RESPONDENT SAID HE/SHE ANSWERED.

1 YES 2 NO 3 SOMETHING ELSE

IF "NO," PLEASE FIND OUT WHICH QUESTIONS RESPONDENT DID NOT UNDERSTAND AND CIRCLE THEIR NUMBER OR NUMBERS BELOW:

A-1 A-2 A-3 A-4 A-5 A-6

FIND OUT WHAT WAS THE MATTER. GO OVER THE QUESTIONS AGAIN THAT HE OR SHE NEEDS HELP WITH, AND HAVE HIM/HER ANSWER THEM.

Question A-8. Asks you did you mark an answer for each question on the page. Please tell me if you answered "Yes" or "No" to that question.

RECORD WHAT THE RESPONDENT SAID HE/SHE ANSWERED.

1 YES 2 NO 3 SOMETHING ELSE

We have to have answers to each question so that the computer knows that I asked it. Even if you have never had a drink there is a place for you to answer every question.

HAVE RESPONDENT COMPLETE EACH QUESTION WHICH HE OR SHE DID NOT ANSWER YET. WHEN YOU ARE SATISFIED, TELL HIM/HER TO PUT THE ANSWER SHEET IN THE ENVELOPE, AND KEEP THE ENVELOPE AND THE PEN. DO NOT LET RESPONDENT SEAL THE ENVELOPE UNTIL THE END OF THE INTERVIEW.

If you never had a chance to try marihuana or hash, circle the "X" in front of the answer category "never had a chance to try."

Question M-3. We ask everybody to answer every question on the answer sheet. No. Question M-3. About how long ago was the first time you tried marihuana or hash? Circle the number in front of the first category that applies. If you are not sure which of two answer categories is the correct answer for you, just circle both of them. There is also an "X" to circle if you have never used marihuana or hash.

Question H-12. Last, have you marked an answer for each question up to now?

RECORD: 1 YES  2 NO

WHEN YOU ARE SATISFIED THAT EACH QUESTION HAS BEEN ACCOUNTED FOR, HAVE RESPONDENT PUT ANSWER SHEET IN LARGE ENVELOPE.
Hand respondent IVORY [ANSWER SHEET #7] and say:

As you can see, this answer sheet is different from the others. First, read all of the items. Then if there are any drugs on that list which you have never tried, just mark an "X" in the blank space in front of them.

Then, find the drug or substance which was the very first one which you ever tried in your lifetime. Put the number one in the blank space to the left of that drug.

Next, find the drug that was the second one which you ever tried in your life and put the number two in the blank space next to it.

Keep on going. Put the number three in the blank space next to the drug which is the third drug on the list that you ever tried during your lifetime.

Please do the rest of them, so that every drug has a number next to it, or the letter "X" to show you have never tried it.

Pause while respondent does task. Then ask: Is there a number or the letter "X" in front of each drug on the list? Make sure respondent has accounted for each item on the list.

Have respondent put the last answer sheet (IVORY #7) in the envelope. Make sure the envelope stays open and is not sealed until the very end, because you still have to put the questionnaire in it at the end of the interview.

Then go on to Q. 39, on the next page.
39. At this time we are going to talk about some of the good and bad effects that marihuana has on people who use it. First the good things. Can you tell me what good effects marihuana has on people who use it? (PROBE: What benefits do you think marihuana users believe that they get from smoking marihuana?)

40. Now the other side -- what are some of the bad effects that marihuana has on people who use it?

41. Now we are going to get a little more specific. People have different ideas about marihuana and driving. For instance, what if someone really got high on marihuana shortly before driving a car. Do you think this would cause the person to drive less well than he or she usually does or would it make no difference?

INTERVIEWER, FOR YOUR INFORMATION, HERE IS THE TEXT ON THE ANSWER SHEET FOR 41a AND 41b:

41a. Getting really high on marihuana caused me to drive less well than I usually do (at least once).

41b. Getting really high on marihuana caused someone I know to drive less well than he or she usually does (at least once).
42. Now think about someone who only takes one or two puffs of marihuana shortly before driving. Do you think that this would cause the person to drive less well than he or she usually does or would it make no difference?

1. WOULD CAUSE A PERSON TO DRIVE LESS WELL
2. MAKE NO DIFFERENCE
3. QUALIFIED (e.g., HARD TO TELL, NEED TO KNOW MORE)
4. NO OPINION

SAY TO RESPONDENT: Please look at question 42a and 42b on the answer sheet. Answer "yes" or "no" to both of the two statements.

SAY TO RESPONDENT: On your answer sheet, look in the box that has questions 42a and 42b. There is also a big letter "X" in the box. Please draw a circle around this big "X."

ASK EVERYBODY

43. Let me introduce the next question by telling you about some imaginary persons. All of them are the kinds of people who work hard on the job or around the house because they have certain goals for themselves or for their families. 1. SAME AS EVERYBODY ELSE
2. MORE THAN EVERYBODY ELSE
3. LESS THAN EVERYBODY ELSE
4. QUALIFIED (e.g., HARD TO TELL, NEED TO KNOW MORE)
5. NO OPINION
44. Now suppose that one by one, each of these hard-working people starts experimenting with marihuana. After a while, the first one, whom we will call Terry— is smoking marihuana every day, and at night, is almost always high.

Do you think it is likely that this kind of steady use of marihuana will make a hard-working person like Terry stop caring and not try as hard, or do you think that it will make no difference?

2 WILL MAKE NO DIFFERENCE
3 QUALIFIED (e.g., HARD TO TELL, NEED TO KNOW MORE)

45. The second hard-working person we are thinking of, whom we will call Pat, smokes less than Terry. Pat smokes a little marihuana every night and enough more on weekends to stay high.

Do you think it is likely that such use of marihuana will make a hard-working person like Pat stop caring and not try as hard, or do you think that it will make no difference?

TELL RESPONDENT TO TURN HIS/HER ANSWER SHEET OVER AT THIS POINT AND FINISH ON THE OTHER SIDE.
46. The third hard-working person, Robin, smokes marihuana only on weekends and never stays high for long. Do you think it is likely that this kind of occasional use will make a hard-working person like Robin stop caring and not try as hard, or do you think it will make no difference?

47. For the last few questions of this kind, we are going to talk about driving again, but this time driving in connection with alcoholic beverages, instead of marihuana.

Hello, I'm , and I'm working on a nationwide survey for Response Analysis Corporation of Princeton, New Jersey, sponsored by the U.S. Department of Health, Education, and Welfare. You should have received a letter from George Washington University a few days ago, telling about this survey. 

As is always true in our work, the answers which you give us will be kept strictly confidential. The results are a statistical tabulation of everyone's answers, and no names are ever connected with the survey. Most of the questions are about mood altering drugs of potential abuse, including alcohol and tobacco.

I would like it understood between us that if I ask you any questions that you don't want to answer, obviously you don't have to. If it is all right with you, let's get started. (Pause to give respondent a chance to ask questions or terminate.) The results of this study will provide the Federal Government with its main source of information on drug experience, knowledge, and attitudes and will be used for important research and management purposes.

**IF ONE OR MORE PILLS ON Q. 37, ASK:**

______ (AGE WHEN FIRST TOOK)

X NOT SURE, CAN'T GUESS

Please give me back Card E, and let's go on.

**TAKE BACK CARD E -- GO ON TO NEXT PAGE**
READ THE FOLLOWING:

The next questions are about alcoholic beverages. The questions are set up so that I will not know the answers that you give.

After I read each question to you, do not show me what your answer is. Just mark it on your answer sheet.

When we finish this page, I will ask you to put it in the envelope. I will not see it. At the end of the interview, I shall ask you to seal the envelope.

No one will ever be able to connect your answers to you.

Now let's start. READ THE QUESTION NUMBER -- "Question A-1" -- AS PART OF THE QUESTION.

Question A-1. About how long ago was the first time that you had a drink?

Draw a circle around the number that is next to the first answer you come to that fits you.

We have set up every question so that you can answer it whether or not you have ever used alcohol.

Each question has an answer category that fits you.

As we go through these, please be sure you mark an answer for each question. That is the only way we know that you looked at the answer categories.

Question A-2. Please look at Question A-2 which asks you to write in the age that shows about how old you were at the time you had your first drink. If you are not sure, please give your best guess; or circle the "X" if you have never had an alcoholic drink.

READ EACH QUESTION NUMBER OUT LOUD AND THEN READ THE QUESTION.

Question A-3. When was the most recent time that you had a drink? About how long ago was that?

Question A-4. Thinking over the past 30 days, on about how many different days did you have one or more drinks? Please write your answer on your answer sheet. Do not tell me the answer.
Question A-5. Over the past 30 days, what is the most you had to drink on any one day? If you did not have any drinks during the past 30 days, please circle the "X."

Question A-6. Still thinking of the most drinks which you have had on any one day -- the answer which you just gave -- mark your answer sheet to show the number of different days on which you had this number of drinks.

KEEP READING

Sometimes, when we use this answer sheet system, things get mixed up. So we have added the last two questions on the answer sheet for you to fill out.

Question A-7. This asks you "Did you understand each question on this page?" Please circle a "1" for a "Yes" answer and a "2" for a "No" answer.

On this answer sheet for alcoholic beverages, I am allowed to ask you about Question A-7. Please tell me if you answered "Yes" or "No" to that question.

RECORD WHAT THE RESPONDENT SAID HE/SHE ANSWERED.

1 YES  2 NO  3 SOMETHING ELSE

IF "NO," PLEASE FIND OUT WHICH QUESTIONS RESPONDENT DID NOT UNDERSTAND AND CIRCLE THEIR NUMBER OR NUMBERS BELOW:

A-1 A-2 A-3 A-4 A-5 A-6

FIND OUT WHAT WAS THE MATTER. GO OVER THE QUESTIONS AGAIN THAT HE OR SHE NEEDS HELP WITH, AND HAVE HIM/HER ANSWER THEM.

Question A-8. Asks you did you mark an answer for each question on the page. Please tell me if you answered "Yes" or "No" to that question.

RECORD WHAT THE RESPONDENT SAID HE/SHE ANSWERED.

1 YES  2 NO  3 SOMETHING ELSE

We have to have answers to each question so that the computer knows that I asked it. Even if you have never had a drink there is a place for you to answer every question.

HAVE RESPONDENT COMPLETE EACH QUESTION WHICH HE OR SHE DID NOT ANSWER YET. WHEN YOU ARE SATISFIED, TELL HIM/HER TO PUT THE ANSWER SHEET IN THE ENVELOPE, AND KEEP THE ENVELOPE AND THE PEN. DO NOT LET RESPONDENT SEAL THE ENVELOPE UNTIL THE END OF THE INTERVIEW.
This answer sheet is for questions on marihuana and hashish. I will read the questions to you as you read them to yourself. Please stay with me for these questions.

REMEMBER TO SAY "Question M-1," "Question M-2," ETC. BEFORE THE APPROPRIATE QUESTIONS.

Question M-1. Have you ever known someone who used marihuana or hashish? Please look at the answer space for Question M-1. Circle the number in front of the answer category that applies.

Question M-2. About how old were you when you first had a chance to try either marihuana or hash if you wanted to? Please look at the answer space for Question M-2. Write in your age in the space, to show how old you were at that time.

If you never had a chance to try marihuana or hash, circle the "X" in front of the answer category "never had a chance to try."

Question M-3. We ask everybody to answer every question on the answer sheet. Now Question M-3. About how long ago was the first time you tried marihuana or hash? Circle the number in front of the first category that applies. If you are not sure which of two answer categories is the correct answer for you, just circle both of them. There is also an "X" to circle if you have never used marihuana or hash.

Question M-4. About how old were you the first time you tried marihuana or hash? Write your age at that time in the answer space for M-4, or circle the "X" if you have never used marihuana or hash.

Question M-5. At the time that you first tried marihuana or hash, how would you describe the kind of area that you were living in? Please refer to your answer sheet and circle the number next to the type of area that best describes where you were living at the time.

Question M-6. As you can see, the next question is "When was the most recent time that you used marihuana or hash?" Please circle the first number that shows your answer. If you are not sure which of two categories is correct, circle both of them. If you have never used marihuana or hash, circle the "X" in the answer space for M-6.
Question M-7. In the past 30 days, on how many different days did you use marihuana or hash? Write the number of different days in the blank space for M-7 or circle the "X" if you did not use marihuana or hash in the past 30 days.

Question M-8. In the space for M-8 please circle a number to show roughly, just a good guess, about how many times in your life have you used marihuana or hash. If you have used both marihuana and hash, just try to add together the number of times, and circle the number that goes with the answer category that is closest to the correct answer. If you have never used marihuana or hash, circle the "X" next to the answer category that says "no times."

READ TO RESPONDENT. Because I am not allowed to see your answer sheet, the last two questions on the page are the only way to make sure I have explained the system correctly.

Question M-9. Please circle a number in front of the "Yes" or the "No" and tell me which number you circled.

RECORD WHAT THE RESPONDENT SAID HE/SHE ANSWERED.

1 YES 2 NO 3 SOMETHING ELSE

IF "NO" FIND OUT WHICH QUESTIONS RESPONDENT DID NOT UNDERSTAND AND CIRCLE THEIR NUMBER(S):

M-1 M-2 M-3 M-4 M-5 M-6 M-7 M-8

FIND OUT WHAT WAS THE MATTER. GO OVER THE QUESTIONS AGAIN THAT HE/SHE NEEDS HELP WITH, AND HAVE HIM/HER ANSWER THEM.

Question 10. This is the last question on the page, number M-10. It asks if you have marked your answer to each question on this page. Please tell me if you circled a "Yes" or a "No" for M-10.

RECORD: 1 YES 2 NO

Remember I am not allowed to see or to know your answers to the first eight questions.

IF RESPONDENT ANSWERED "YES" ON M-10, SAY: Does that mean that you have marked an answer in every answer space?

IF RESPONDENT ANSWERED "NO" ON M-10, SAY: We have to have answers to each question so the computer knows that I asked it. Even if you have never tried marihuana or hash there is a place for you to show an answer for each question. (FOLLOW UP AS NEEDED.)

WHEN YOU ARE SATISFIED THAT EVERY QUESTION (M-1 THROUGH M-7) HAS BEEN ACCOUNTED FOR, HAVE RESPONDENT PUT ANSWER SHEET IN THE LARGE ENVELOPE WHICH YOU GAVE HIM/HER BEFORE THE ALCOHOL QUESTIONS, AND KEEP GOING.
These next questions are about inhalants that people sniff or breathe in, to get high or to make them feel good. I am referring to things like lighter fluids, aerosol sprays like Pam, glue, amyl nitrite, "poppers," or locker room odorizers. You can see the whole list at the top of your answer sheet. The questions use the term "inhalant" which refers to any and all of the items at the top of the page. Be sure to answer every question.

**Question G-1.** About how old were you when you first had a chance to sniff one of these inhalants to get high or to make you feel good? Please mark your answer sheet.

**Question G-2.** About how long ago was the first time you used one of these inhalants for kicks or to get high?

**Question G-3.** About how old were you the first time you sniffed one of these inhalants?

**Question G-4.** In the answer space for Question G-4, you can see a whole list of different inhalants. Please draw circles around the numbers for all of them that you have ever used for kicks or to get high.

**Question G-5.** Now go over the list again. Circle the numbers in front of the inhalants which you have used during the past 30 days to get high or to feel good.

**Question G-6.** When was the most recent time that you used one of these inhalants to get high or to feel good?
Question G-7. Please circle a number to show roughly, just a guess, about how many times in your life have you used an inhalant to get high or for kicks?

Question G-8. Before this interview, did you ever hear of Locker Room Odorizer as an inhalant that some people use for kicks or to get high?

Question G-9. Have you, yourself, ever used Locker Room Odorizer as an inhalant?

INTERVIEWER: REGARDLESS OF WHETHER YOU ARE READING EACH QUESTION ALOUD, OR RESPONDENT DID IT ALONE, PLEASE BE SURE YOU ASK THE NEXT TWO QUESTIONS ALOUD.

SAY: Now we come to the last two questions which I have to ask you about.

Question G-10. Circle a number in front of the "Yes" or the "No" to show if you understood every question on the page. What was your answer to that question?

RECORD RESPONSE TO G-10: 1 YES 2 NO

IF "NO," FIND OUT WHICH QUESTIONS RESPONDENT DID NOT UNDERSTAND AND CIRCLE THEIR NUMBERS BELOW:

IF NECESSARY, FIND OUT WHAT WAS THE MATTER; GO OVER THE QUESTIONS AGAIN THAT RESPONDENT DID NOT UNDERSTAND, CLEAR UP PROBLEMS AND HAVE HIM/HER RECORD THE ANSWERS.

Question G-11. And last, have you marked an answer for each question up to now? Please answer this question on your answer sheet, and tell me if your answer is "Yes" or "No."

RECORD: 1 YES 2 NO

WHEN YOU ARE SATISFIED THAT EACH QUESTION HAS BEEN ACCOUNTED FOR, HAVE RESPONDENT PUT ANSWER SHEET IN LARGE ENVELOPE.
As you can see, this answer sheet is different from the others. First, read all of the items. Then if there are any drugs on that list which you have never tried, just mark an "X" in the blank space in front of them.

Then, find the drug or substance which was the very first one which you ever tried in your lifetime. Put the number one in the blank space to the left of that drug.

Next, find the drug that was the second one which you ever tried in your life and put the number two in the blank space next to it.

Keep on going. Put the number three in the blank space next to the drug which is the third drug on the list that you ever tried during your lifetime.

Please do the rest of them, so that every drug has a number next to it, or the letter "X" to show you have never tried it.

Pause while respondent does task. Then ask: Is there a number or the letter "X" in front of each drug on the list? Make sure respondent has accounted for each item on the list.

Have respondent put the last answer sheet (IVORY #7) in the envelope. Make sure the envelope stays open and is not sealed until the very end, because you still have to put the questionnaire in it at the end of the interview.

Then go on to Q. 39, on the next page.
39. Now, we would like you to think about people you know who live in regular households. Please do not include those people who live in a college dormitory, on a military base, in jail, in a drug rehabilitation center, or have no definite address. Ready?

Most of us know many people. But, usually only some of these, if any, are people that we consider to be close friends. About how many close friends would you say that you have? Remember, we are only interested in those close friends who live in regular households.

On the card I gave you, I would like you to list the initials of your [(INSERT FROM Q. 40)] close friends who live in regular households who you know for sure have ever used heroin. No one but you will ever see these initials. (WAIT UNTIL RESPONDENT MAKES LIST. IF RESPONDENT REFUSED TO USE CARD, HE/SHE MAY DO THIS PART IN HIS/HER HEAD.)

Now, please number the people on your list. Put the number "one" next to the initials of the first person on your list. Then put the number "two" next to the initials of the second person on your list, and so on until everyone on your list has a different number. (WAIT UNTIL RESPONDENT FINISHES NUMBERING.)

I only want to ask you about one of the persons on your list. (INTERVIEWER: USE TABLE BELOW TO SELECT CORRECT INDIVIDUAL.)
