Computer-Assisted Interview Pillcards and Showcards
Terms of Use

These data are distributed under the following terms of use. By continuing past this page, you signify your agreement to comply with the requirements as stated below:

Privacy of Research Subjects

Any intentional identification of a research subject (whether an individual or an organization) or unauthorized disclosure of his or her confidential information violates the promise of confidentiality given to the providers of the information. Disclosure of confidential information may also be punishable under federal law. Therefore, users of data agree:

- To use these datasets solely for research or statistical purposes and not for re-identification of specific research subjects.
- To make no use of the identity of any research subject discovered inadvertently and to report any such discovery to CBHSQ and SAMHDA (samhda-support@samhsa.hhs.gov)

Citing Data

You agree to reference the recommended bibliographic citation in any of your publications that use SAMHDA data. Authors of publications that use SAMHDA data are required to send citations of their published works for inclusion in a database of related publications.

Disclaimer

You acknowledge that SAMHSA will bear no responsibility for your use of the data or for your interpretations or inferences based upon such uses.
Violations

If CBHSQ determines that this terms of use agreement has been violated, then possible sanctions could include:

- Report of the violation to the Research Integrity Officer, Institutional Review Board, or Human Subjects Review Committee of the user's institution. A range of sanctions are available to institutions including revocation of tenure and termination.
- If the confidentiality of human subjects has been violated, then report of the violation may be made to the Federal Office for Human Research Protections. This may result in an investigation of the user's institution, which can result in institution-wide sanctions including the suspension of all research grants.
- Court awarded payments of damages to any individual(s)/organization(s) harmed by the breach of confidential data.

Definitions

CBHSQ
Center for Behavioral Health Statistics and Quality

Promise of confidentiality
A promise to a respondent or research participant that the information the respondent provides will not be disseminated in identifiable form without the permission of the respondent; that the fact that the respondent participated in the study will not be disclosed; and that disseminated information will include no linkages to the identity of the respondent. Such a promise encompasses traditional notions of both confidentiality and anonymity. In most cases, federal law protects the confidentiality of the respondent's identity as referenced in the Promise of Confidentiality. Under this condition, names and other identifying information regarding respondents would be confidential.

Research subject
A person or organization that participates in a research study. A research subject may also be called a respondent. A respondent is generally a survey respondent or informant, experimental or observational subject, focus group participant, or any other person providing information to a study.

Information about Copyrighted Content

Some instruments administered as part of this study may contain in whole or substantially in part contents from copyrighted instruments. Reproductions of the instruments are provided as documentation for the analysis of the data associated with this collection. Restrictions on "fair use" apply to all copyrighted content. More information about the reproduction of copyrighted works by educators and librarians is available from the United States Copyright Office.

NOTICE
WARNING CONCERNING COPYRIGHT RESTRICTIONS

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

SAMHSA ..............http://www.samhsa.gov
Dear Resident:

To better serve all people across the nation, the United States Public Health Service (USPHS) is conducting a national study on health-related issues. Your household was randomly chosen along with more than 200,000 others. Research Triangle Institute (RTI) is under contract to carry out this study for the USPHS. Soon, an RTI interviewer will be in your neighborhood to give you more information.

When the interviewer arrives, please ask to see a personal identification card. An example of the ID card is shown below. The interviewer will ask you a few questions, and then may ask one or two members of your household to complete an interview. It is possible that no one from your household will be chosen to be interviewed. You may choose not to take part in this study, but no one else can take your place. **Every person who is chosen and completes the interview will receive $30 in cash.**

All the information collected is confidential and will be used only for research purposes. This is guaranteed by federal law. This letter is addressed to “Resident” because you were selected by your address, and we do not know your name. Feel free to ask the interviewer any questions you have about the study.

Your help is very important to this study’s success. Thank you for your cooperation.

Sincerely,

Assistant Project Officer, USPHS

National Field Director, RTI

(____) ____-____

Assigned Field Interviewer

Confidentiality protected by the Confidential Information Protection and Statistical Efficiency Act of 2002
Authorized by Section 505 of the Public Health Service Act
Approved by Office of Management and Budget (OMB Approval No. 0930-0110)
Your address is one of several in this area randomly chosen for the 2004 National Survey on Drug Use and Health. This study, sponsored by the United States Public Health Service, collects information for research and program planning by asking about:

- tobacco, alcohol, and drug use or non-use,
- knowledge and attitudes about drugs,
- mental health, and
- other health issues.

You cannot be identified through any information you give us. Your name and address will never be connected to your answers. Also, federal law requires us to keep all of your answers confidential, and to use your answers only for research purposes (the Confidential Information Protection and Statistical Efficiency Act of 2002).

The screening questions take just a few minutes. If anyone is chosen, the interview will take about an hour. You can refuse to answer any questions, and you can quit at any time. **Each person who is chosen and completes the interview will receive $30 in cash.**

If you have questions about the study, call ____________, the Project Representative, at ________________. If you have questions about your rights as a study participant, call _____________, the representative for RTI’s Office of Research Protection, at ________________ (a toll-free number). You can also visit our project Website: [http://nsduhweb.rti.org/](http://nsduhweb.rti.org/) for more information.

Thank you for your cooperation and time.

INTRODUCTION AND INFORMED CONSENT FOR INTERVIEW RESPONDENTS AGE 18+

IF INTERVIEW RESPONDENT IS NOT SCREENING RESPONDENT, INTRODUCE YOURSELF AND STUDY AS NECESSARY: Hello, I’m ___________, and I’m working on a nationwide study sponsored by the U.S. Public Health Service. You should have received a letter about this study. (SHOW LEAD LETTER, IF NECESSARY.)

READ THE BOXED INFORMATION BELOW BEFORE STARTING EVERY INTERVIEW

This year, we are interviewing about 70,000 people across the nation. You have been randomly chosen to take part. You will represent over 3,000 other people who are similar to you. You may choose not to take part in this study, but no one else can take your place. We will pay you $30 when you finish the interview.

GIVE STUDY DESCRIPTION TO R IF YOU HAVE NOT ALREADY DONE SO.

This study asks about tobacco, alcohol, and drug use or non-use, knowledge and attitudes about drugs, mental health, and other health issues. It takes about an hour. You will answer most of the questions on the computer, so I will not see your answers. We are only interested in the combined responses from all 70,000 people, not just one person’s answers. This is why we do not ask for your name and we keep your answers separate from your address. RTI may contact you by phone or mail to ask a few questions about the quality of my work. This is why we ask for your phone number and mailing address at the end of the interview.

While the interview has some personal questions, federal law keeps your answers private. We hope that protecting your privacy will help you to give accurate answers. You can quit the interview at any time and you can refuse to answer any questions.

If it is all right with you, let’s get started.

(Can we find a private place to complete the interview?)
INTRODUCTION AND INFORMED CONSENT FOR INTERVIEW RESPONDENTS AGE 12-17

FIRST, OBTAIN PERMISSION FROM THE PARENT AND READ THE BOXED INFORMATION BELOW

Your (AGE) year-old child has been selected to be in this study. Your child’s participation is voluntary. This interview asks about tobacco, alcohol, and drug use or non-use, knowledge and attitudes about drugs, mental health, and other health related issues. All of your child’s answers will be confidential and used only for research purposes. Since your child will answer most of the questions on the computer, I will never see the answers, and you are not allowed to see them either. If it is all right with you, we’ll get started.

(Can we find a private place to complete the interview?)

THEN, READ THE BOXED INFORMATION BELOW BEFORE STARTING EVERY INTERVIEW WITH A 12-17 YEAR OLD

This year, we are interviewing about 70,000 people across the nation. You have been randomly chosen to take part. You will represent over 1,000 young people in this country who are similar to you. You may choose not to take part in this study, but no one else can take your place. We will pay you $30 when you finish the interview.

GIVE STUDY DESCRIPTION TO R IF YOU HAVE NOT ALREADY DONE SO.

This study asks about tobacco, alcohol, and drug use or non-use, knowledge and attitudes about drugs, mental health, and other health issues. It takes about one hour. You will answer most of the questions on the computer, so I will not see your answers. Your answers will never be seen by either your parents or your school. We are only interested in the combined responses from all 70,000 people, not just one person’s answers. This is why we do not ask for your name and we keep your answers separate from your address. RTI may contact you by phone or mail to ask a few questions about the quality of my work. This is why we ask for your phone number and mailing address at the end of the interview.

While the interview has some personal questions, federal law keeps your answers private. We hope that protecting your privacy will help you to give accurate answers. You can quit the interview at any time and you can refuse to answer any questions.

If it is all right with you, let’s get started.

NSDUH 2004
2004 National Survey on Drug Use and Health
Summary of Questionnaire

You have asked to know more about the National Survey on Drug Use and Health and the types of questions the interviewer will ask. Below is a summary of each section of the questionnaire for you to examine. Keep in mind that not everyone will see every question—the questions depend on the participant’s own experiences. Furthermore, participants can always refuse to answer any questions during the interview.

Demographics
This section, administered by the interviewer, consists of questions about the participant such as his/her date of birth, race, educational background, and health status.

Sample Questions:
- What is the highest grade or year of school you have completed?
- Would you say your health in general is excellent, very good, good, fair, or poor?

Computer Practice Session
In this section, the interviewer shows the participant how to use the laptop computer and lets him/her practice using a short practice session.

Cigarettes, Alcohol and Illicit Drugs
For most of the rest of the interview, the participant answers questions by listening to the questions over the headphones and/or reading the questions on the computer screen, and then entering responses using the computer’s keyboard. The participant answers these questions in private, although the interviewer is available to help with any problems using the computer. During this part of the interview, only the participant can hear and see the questions and see his/her responses.

Tobacco Products and Alcohol
These sections include questions about whether and how often participants have used cigarettes, chewing tobacco, snuff, cigars, pipe tobacco, and alcoholic beverages such as beer, wine, or liquor.

Sample Questions:
- Have you ever smoked part or all of a cigarette?
- How old were you the first time you used chewing tobacco?
- What is your best estimate of the number of days you drank alcohol during the past 30 days?

Illicit Drugs
The next sections ask about the participant’s use or non-use of marijuana, heroin, cocaine, hallucinogens, and inhalants; and prescription pain killers, tranquilizers, stimulants, and sedatives when taken only for their effect. Questions about drug dependence and drug treatment are also included in these sections.

Sample Questions:
- Have you ever, even once, used marijuana or hashish?
- How much do people risk harming themselves physically and in other ways when they use cocaine once a month?
Adult Social Environment and Mental Health
Participants 18 and older receive questions about their social experiences such as: availability of illicit drugs, perceptions of their neighborhood, and in some cases, their experiences as a parent. Mental health questions cover such topics as depression and treatment for mental health problems.

Sample Questions:
- If a child was showing disrespect to an adult, how likely is it that people in your neighborhood would scold that child?
- During the past 12 months, was there any time when you needed mental health treatment or counseling for yourself but didn’t get it?
- Have you ever in your life had a period of time lasting several days or longer when most of the day you felt sad, empty or depressed?

Youth Experiences and Mental Health
Youth aged 12-17 participating in the survey are also asked questions about their social experiences such as: perceptions about the risks of using certain drugs; whether getting drugs is difficult or easy; feelings about school and peers; and involvement in clubs, sports, and other extracurricular activities. The mental health questions cover such topics as depression and treatment for mental health problems.

Sample Questions:
- During the past 12 months, in how many different kinds of school-based activities, such as team sports, cheerleading, choir, band, student government, or clubs, have you participated?
- Have you ever in your life had a period of time lasting several days or longer when most of the day you felt sad, empty or depressed?
- During the past 12 months, did you receive treatment or counseling from a private therapist, psychologist, psychiatrist, social worker, or counselor for emotional or behavioral problems that were not caused by alcohol or drugs?

Health Care and Demographic Information
In this section, the laptop is handed back to the interviewer, who asks questions about education, health insurance, and family income information to help in analyzing the data. If necessary, a knowledgeable adult in the household may be asked to help participants answer some of these questions.

The answers to these questions increase the government’s knowledge about health care, especially as it may relate to drug use or treatment. This information helps in planning health care services and finding ways to lower the costs of care.

Sample Questions:
- How many hours did you work last week at all jobs or businesses?
- Before taxes and other deductions, was the total combined family income during 2003 more or less than 20,000 dollars?
- Are you currently covered by private health insurance?

Please feel free to ask the interviewer if you have any other questions about the questionnaire.

Thank you for your cooperation and help!
Enumeration Rules

PERSONS WHO ARE NOT TO BE INCLUDED ON ROSTER:
- Persons under the age of 12 at the time of screening (do count them in the total SDU Members number)
- Persons who are institutionalized at the time of screening
- Persons who will not live at the SDU for most of the time during the quarter

PERSONS WHO ARE TO BE INCLUDED ON ROSTER:
- Persons who will live at the SDU for most of the time during the quarter (provided they are 12 or older and not institutionalized at the time of screening)

PERSONS ON ACTIVE DUTY IN THE MILITARY/ARMED FORCES:
- Active duty personnel who live at the SDU for half or more of the quarter will be rostered, but then will be made ineligible by the iPAQ prior to selection

KNOWN CITIZENS OF FOREIGN COUNTRIES:
- DO NOT INCLUDE:
  - citizens of foreign countries living on the premises of an embassy, ministry, legation, chancellery, or consulate
  - citizens of foreign countries who consider themselves to be just visiting or traveling in the United States (regardless of the length of time they will be staying at the SDU)
- DO INCLUDE citizens of foreign countries who are not living on the premises of an embassy, ministry, etc., but who are living/studying/working in the United States and who will be living at the SDU for most of the time during the quarter.
Steps to Maximize Data Quality

This summary is not a replacement for information contained in your FI Manual, but is a listing of some of our most crucial protocols that must be followed. Be sure that you follow each of these at all times.

Note the FI Manual pages referenced with each key point. Keep in mind that the below protocols are not the only steps that are necessary to follow. Use your FI Manual, Field Supervisor, and project e-mails for information on additional steps to maximize data quality.

Screening

• **Use your segment maps**, and not just the address, to locate your selected DUs. [FI Manual p. 3-17]
• **Display your ID badge** when knocking on every door in your segment. [FI Manual pgs. 4-20 and 5-1]
• **Complete screenings in-person** with a resident who is 18 or older. The only exception is in the case of emancipated minors. [FI Manual p. 4-21]
• **Give a Study Description to each SR.** [FI Manual p. 4-22]
• Obtain complete and accurate screening information, **reading the screening questions verbatim to the SR** and immediately entering responses into the iPAQ. The only missing screening data should be a result of the respondent’s refusal or inability to provide the information. [FI Manual p. 6-16]

Interview

• **Read the CAI Introduction and Informed Consent from the Showcard Booklet** to the R (choosing the appropriate version based on the respondent’s age) before beginning the interview. Before speaking with a selected minor, you must obtain verbal parental permission. **If the R was not the SR, give him/her a Study Description.** [FI Manual pgs. 7-22 and 7-23]
• **Make it apparent that you are completing the interview in a completely confidential and unbiased manner.** [FI Manual pgs. 2-6, 2-7 and 8-1]
To the extent possible, choose an interview location that gives the respondent privacy. [FI Manual pgs. 7-26 and 7-27]

Do not rush the respondent. Do not tell the respondent how to make the interview go faster. [FI Manual p. 8-3]

Use the Reference Date Calendar and read verbatim the explanation provided on the CAI screen to the R. As appropriate, remind the respondent to use the calendar as a visual aid throughout the interview. [FI Manual p. 8-14]

Familiarize the R with the laptop and function keys by reading the provided script in the CAI Interview and allow the R to successfully complete the Computer Practice on his or her own. You must always explain, offer, AND plug in the headphones with each R. [FI Manual pgs. 8-16 and 8-17]

Read the interview questions exactly as they appear on the screen. It is never acceptable to use your own words or ‘wing it’. Do not assume you know answers from a previous conversation, question, or interview. [FI Manual p. 8-2 and 8-3]

Hand the appropriate Showcard to the respondent when instructed to do so on the CAI screen. [FI Manual p. 8-13]

Allow your respondents to complete the ACASI portion of the interview on their own. Never read the questions in the ACASI portion of the interview out loud to the respondent. In cases of extreme physical impairment, it may be necessary to enter the answers into the computer for the ACASI questions, but always allow the ACASI recording to ‘read’ the questions and answer categories via the headphones. [FI Manual pgs. 8-20 through 8-22]

Have the respondent fill out the top portion of the Quality Control Form and allow the respondent to insert the form into the envelope and seal it. Mail the form promptly. [FI Manual pgs. 8-23 through 8-25]

Always protect the confidentiality of your respondents. Never reveal a respondent’s answers to anyone, including the respondent’s family members. Resist the temptation to reveal even positive information gleaned from an interview to parents or other household members. [FI Manual pgs. 2-6 through 2-8]
Overview of the Screening Process

1. Review segment materials to locate area and plot the best and most direct travel route to and from the area.

2. Prepare and mail lead letters.

3. Locate (using the segment materials) and contact selected DU.

4. Determine that the SDU is a true HU or true GQU, and check for missed dwelling units.

   - Is anyone home?
     - Yes
     - Is an eligible SR (resident of DU, 18+) available?
       - Yes
         - Complete Record of Calls (ROC) in iPAQ. Try DU later. If unit is vacant, not a DU, or only a temporary residence, verify with neighbor or other knowledgeable person. Complete verification (QC) information and complete ROC.
       - No
         - No
           - Try to determine a good time to return. Complete ROC.
       - No
         - Complete the household roster and selection process with the SR.

   - No
     - Complete Record of Calls (ROC) in iPAQ. Try DU later. If unit is vacant, not a DU, or only a temporary residence, verify with neighbor or other knowledgeable person. Complete verification (QC) information and complete ROC.

5. Complete the household roster and selection process with the SR.

   - Any respondents selected?
     - No
       - Obtain verification (QC) information and thank SR. Complete ROC.
     - Yes
       - Can the selected R complete interview now?
         - Yes
           - Introduce self, study, and obtain informed consent from respondent. (Obtain parent/guardian consent before approaching a selected youth.)
           - Conduct interview.
           - Complete end of the interview tasks, including Quality Control form.
           - Give respondent cash payment.
           - Thank respondent, complete ROC.
           - Transmit data to RTI.
         - No
           - Establish an appointment. Complete ROC, including an entry about the interview appointment.

6. No
   - Complete the household roster and selection process with the SR.
Screening and Interviewing Tasks

When you work out in the field you will encounter a variety of situations:

Can’t screen (i.e. no one home, vacant units, SR not available, etc.)
- choose case from Select Case, tap Actions, Screen DU
- approach unit and discover you can’t screen
- with codes 10, 13 and 18 you must obtain verification information
- complete ROC to document situation.

Screen only (codes 22, 26, 30)
- choose case from Select Case, tap Actions, Screen DU
- approach unit and obtain participation of eligible SR
- complete screening
- obtain verification information
- complete ROC.

Screen, then interview (31, 32 and then 70)
- choose case from Select Case, tap Actions, Screen DU
- approach unit and obtain participation of eligible SR
- complete screening
- obtain Informed Consents(s)
- prepare Gateway and enter QuestID from iPAQ
- complete interview(s) with available selected respondent(s)
- enter VerifID from Quality Control Form in CAI program in Gateway
- complete ROC(s) in iPAQ
- mail completed Quality Control Form(s) to RTI.

Screen, make appointment for interview (codes 31, 32 and then 50)
- choose case from Select Case, tap Actions, Screen DU
- approach unit and obtain participation of eligible SR
- complete screening
- complete ROC for screening
- complete ROC for appointment for each selected respondent
- prepare appointment card for each respondent.

Interview only at appointment time or other follow-up contact
- choose case from Select Case, review selections and roster
- obtain participation/informed consent of respondent
- prepare Gateway and enter QuestID from iPAQ
- complete interview(s) with respondent(s)
- enter VerifID from Quality Control Form in CAI program in Gateway
- complete ROC(s) in iPAQ
- mail completed Quality Control Form to RTI.
The Interviewing Process

Informed Consent Procedures
- READ THE INFORMED CONSENT FOUND AT THE FRONT OF THIS BOOKLET.
- If the respondent is 12 - 17 years old, first obtain parental consent.

Choose the best interview location, considering:
- Privacy and Ethics
- Comfort and Safety
- Battery power
- Be flexible in choosing a location, but never compromise NSDUH protocols.

Setting up the Computer
- Unpack the computer and plug it in using the extension cord if needed.
- Press the ON button and WAIT for the computer to boot up.
- While waiting, make sure you have the QuestID displayed on the iPAQ, a Reference Date Calendar, your Showcard Booklet, a Quality Control Form and envelope, and an Interview Payment Receipt. Place clean headphone covers on the ear pieces.
- Enter your password at the prompt and begin your interview.

Conducting the Interview
- Be sure that you have obtained informed consent.
- If respondent is under the age of 12 or is active in the military, the computer will automatically complete this case. If this occurs, remember to enter a Code 79 in the iPAQ and explain the situation.
- Complete the Reference Date Calendar, using the script on the computer screen.
  - Write the 12-month and 30-day dates given to you on the computer screen in the appropriate boxes.
  - Circle the 12-month reference date.
  - Circle the 30-day reference date. Then, underline the 30 days between the circled day and the current date.
  - Record the Case ID # at the top of the calendar.
- Use the Showcards as instructed.
- During ACASI, be available without being intrusive. Go ahead and prepare the Quality Control Form and envelope:
  - Record the date and approximate interview completion time.
  - Legibly write your name and FI ID #.
  - Fill in the Case ID #, including the A or B.
  - Identify parent who gave consent, if interview with youth.
- For a youth, the Quality Control Form should be completed preferably by a parent or guardian. (Another good reason to have a parent in the house while you conduct the interview!)
- Enter the Verification ID and the Case ID when prompted.
- Complete the Interview Payment Receipt and give R the $30 cash payment.
The Interviewing Process (continued)

- While R/parent completes the Quality Control Form, answer the observation questions.
- The R/parent should place the Quality Control Form into the envelope and seal it.
- If R/parent refuses to complete the Quality Control Form, ask him/her to write “REFUSED” across the top. The envelope must still be mailed to RTI.

When finished with the Interview
- Pack up your equipment.
  - Gently close the screen display until you hear a click.
  - Unplug the power cord from the computer first and then unplug the power cord from wall. Wrap them up and place in carrying case.
  - Place the laptop in the case.
  - Zip up the carrying case.
  - Remember your iPAQ, this Showcard Booklet, Reference Date Calendar, and other papers.
- THANK YOUR RESPONDENT!
- Enter a Code 70 in your iPAQ.

Possible Respondent Difficulties
- Is the respondent physically or emotionally capable of participating?
  - Slow the pace of the questions to see if comprehension improves.
  - Allow adequate time to answer.
  - If respondent does not seem to understand, politely discontinue the interview and speak with your FS.
- Is the respondent intoxicated or under the influence of other drugs?
  - Attempt to schedule another time to return.
- Is the respondent blind or paralyzed?
  - Take the time to figure out if respondent can complete interview. Each interview is precious to us!
  - Only in these situations can you resort to entering the responses in the ACASI portions for your respondents. Make note of this deviation from protocol in the FI Observation questions.
- Does the respondent exhibit behaviors that suggest he or she may have difficulty reading?
  - Remember that the respondent can listen to all the questions on the headphones and answer most questions with a number.
Helpful Hints for Gathering Good I&O Data

What you record in the Industry and Occupation questions is used to classify the respondent’s work by assigning two separate codes. In order for the coders to properly complete their task, you must collect and **record descriptive yet concise information**. When recording responses, keep in mind the following:

- Be sure to **list the most important information first**, as each answer field has a limit of at most 50 characters. *(This italicized text has 50 characters and spaces.)*
- Consider abbreviating when possible. Use typical abbreviations that coding staff will understand, such as dr for doctor and mgr for manager.
- Minimize the use of spaces and punctuation, as those count towards the 50 character limit.
- The coders see the recorded responses from **all** the industry and occupation questions. In other words, they have all the information gathered during this question series available as they assign both the industry and the occupation codes.
- The coders do not see any information entered in a comment field.
- When recording what a manufacturing firm **makes**, or what a wholesale or retail trade company **sells**, the answer field limit is **15 characters**.

Also consider the following helpful hints from the Data Quality staff:

**Don't enter just the name of a company as the Industry**—if the R volunteers the name, be sure to also include a description of the type of company. Remember that the coders do not know what every company does. Even if coders are familiar with a company name, there could be multiple industries (e.g., “Lowe's” could mean Lowe's Foods or Lowe's Home Improvement Store).

**Don't use abbreviations that are not standard**—deciphering abbreviations takes a lot of time and the end result may not be what you originally intended.

**Don't list two occupations** such as “administrator” and “administrative assistant.” These are different occupations and are assigned different job codes. You can help prevent doing this by listing only one occupation and listing the duties for the occupation.

**Don't list a job title as the Occupation and the Duties** (for example, manager). Try to get a specific title for the occupation, such as office manager, personnel manager, store manager, and then list the duties for that occupation. Do not give the same response for duty and occupation.
The following are examples of the types of details required for certain jobs in order to correctly assign the industry and occupation codes.

**Medical Field**
- Specify the type of medical office—doctor, dentist, pediatrician, orthopedic surgeon
- Specify the type of location—hospital, private doctor's office, Planned Parenthood
- Write out the word—orthodontist, orthopedist, podiatrist (do not use abbreviations such as "ortho")

**Education**
- Specify the grade level—K-5, 6-9, 10-12, college, graduate school
- Specify the position—Dean, Professor, Principal, Teacher, Teacher's aide, School Board member, Janitor, Cafeteria Worker
- For coaches, specify the location—the YMCA, a recreational center, a school

**Childcare [Babysitter, Nanny, Daycare Center, etc.]**
- Specify where the service is given—private home, someone else’s home (such as a neighbor), daycare center
- Specify the respondent's employment status—self-employed, employee in a business
- Specify the position—teacher, care provider, cleaner

**Government Contractors**
- Specify if the company is run by the government or is a private company—for example, RTI is a contractor for the federal government—RTI is not a government agency

**Call Centers**
- Specify the type of call center—retail, credit card, delinquent debt, market research, non-market research (do not only give the company name)
- Specify the primary purpose of the call center—repair service center, catalog ordering center, merchandising

**Manufacturing**
- Be as specific as possible when giving the description of the product. For example, if an FI indicates the company makes "software," it is not clear whether the company develops the software for a program or if they are actually manufacturing the products holding the software (e.g., discs, CD-ROMs).

*Additional examples and information on Industry and Occupation Questions can be found in your FI Manual, pages 8-18 through 8-20.*
Instructions for Using the Certificate of Participation

At the end of the interview, you can give a Certificate of Participation that authenticates the respondent’s participation in NSDUH. Youth and other interested respondents may use the completed certificate to verify with teachers or group leaders that they participated in NSDUH, and may then receive credit for participating in the study. Possibilities include:

- extra credit for school
- incorporating the NSDUH experience into a school project
- credit toward community service hours.

It is the respondents’ responsibility to arrange to receive any possible credit. Respondents and parents must understand that:

- they are responsible for making arrangements for any credit
- their school or group may or may not give credit
- no advance arrangements have been made with any school or community group in the nation.

The certificate is worded to allow for use with respondents other than middle or high school students, such as a young adult required to perform community service or for classes beyond high school.

Upon completion of the interview, prepare the certificate by:

- filling in the date the interview was completed
- and your FI name and ID number.

To preserve confidentiality, the respondent adds his or her name at a later time.

Also provide a Question and Answer Brochure along with the certificate, as it contains additional details and includes contact information and Website addresses where interested persons can obtain additional information.
ROC Comments

ROC comments should be appropriate, non-judgmental, and:

- **Informative** -- record appointment times, best times to return, who you talked to, or if no adult was home, record which cars were in the driveway.
- **Helpful** -- note relevant information for you to use in preparing to return or when discussing the case with your supervisor. If a case gets transferred to another FI, the notes are very important to the new FI to understand what has happened.
- **Concise** -- Explain your comments directly, leaving out unnecessary words or information. Your comments must be easily understood by you, your FS, other FIs, and project managers.

Examples of good ROCs:

- CB after 7:00 pm
- 2:30 Sat appt
- W M 15ish said parents home after 8:00
- HISP F 60s send SPAN letter

**PROJECT ABBREVIATIONS**

- R respondent (for the interview)
- SR screening respondent
- FI field interviewer
- Q&A Q&A Brochure
- DU dwelling unit

**STANDARD ABBREVIATIONS**

- days of the week (with 3 letters)
- F female
- M male
- B black
- W white
- HISP Hispanic
- SPAN Spanish
- INFO information
- REF refused

**SUGGESTED HELPFUL ABBREVIATIONS**

- CB call back (or come back)
- APPT appointment
- AM morning
- AFTRN afternoon
- PM evening
- NGHBR neighbor
- GTKPR gatekeeper
- WKND weekend

Adding Missed Dwelling Units

You are not required to check the entire segment for missed dwelling units. Check for missed DUs at every selected DU. (However do not ignore significant changes, such as a new development or new apartment building—call your FS.)

At a selected housing unit, look for missed dwelling units:

- **Within the structure or on the property.**
  
  For regular housing units (houses, townhouses, trailers, cottages, duplexes), during each screening you ask the SR if there are any other units within the structure or on the property, such as a separate apartment with a separate entrance. If so, simply enter the address of the other unit(s) and proceed with screening.

  For housing units in apartment and condo buildings do not ask the Missed DU question. However, if you discover a missed DU such as the rare but possible 'unit within a unit,’ check with the SR and add the unit from the Select Case Screen by tapping “Actions/Add Missed DU.”

- **In the geographic interval between the SDU and the next listed line.**

  Check the space between the SDU and the next listed DU. Enter any discovered units using “Actions/Add Missed DUs.”

  If the SDU is the last one listed on a map page:
  
  - the ‘next listed line’ means the next one listed on that map page, not the next one listed numerically. Check the interval between the SDU and the very first DU listed on that map page.
  
  - check any subsequent zero map pages for missed DUs.

For group quarters structures listed by persons or beds:

- Compare the original list with the current situation. If there are more units now, call your FS who will contact RTI’s Sampling Department about which missed GQUs to add.

Limits on missed DUs:

- Up to 5 units at one SDU
- Up to 10 units per segment
- iPAQ stores space for 5 added DUs per segment. If more are required, contact your FS to have 5 more lines transferred to your iPAQ.
Reconciling Missed DUs

Recording the addresses of missed DUs in the iPAQ does not automatically add them to your assignment. When ready to reconcile these missed DUs to see if they should be added, be sure that you have the handwritten List of Dwelling Units and the block maps.

You can Reconcile at three different spots in the iPAQ:

- At the end of screening if you have entered a missed DU address(es). If you don’t have time or your segment materials, simply tap “No” and reconcile later.
- If you entered a missed DU address using “Actions/Add Missed DUs,” you will be asked if you want to reconcile.
- From the option “Admin/Reconcile Missed DUs.”

To Reconcile Missed DUs:

- Follow the instructions on the iPAQ screen carefully, making certain you refer to your segment materials as you reconcile the unit.
- Determine if the missed unit is already on the handwritten List of DUs.
- Determine if the missed unit is in the correct geographic interval.
- If the missed unit is not on the list and is in the correct interval, it will be added to your assignment.
- Complete the List of Added Dwelling Units to document the unit.
- Remember to mark the location of the missed DU on the correct Block Listing Map.

If you have any questions, exit the program and contact your FS.

In the following situations, check with your FS who will check with RTI’s Sampling Department:

- more than five missed DUs are found at a specific SDU
- more than 10 missed DUs are found in a segment
- a missed HU (other than a ‘unit within a unit’) is discovered in an apartment or condo building
- a missed GQU is discovered within a group quarters structure
- a missed group quarters structure is discovered
- a significant listing problem is discovered.
Procedures After an Automobile Accident

Immediately After an Accident...
- Check for injuries. Life and health are more important than damage to vehicles.
- Make note of specific damages to all vehicles involved.
- Write down the names, addresses and license numbers of persons involved in the accident. Also, write a description of the other vehicles.
- Call the police, even if the accident is minor.
- Jot down names and addresses of anyone who may have witnessed the accident. This can prevent disagreement concerning how the accident actually happened.

DOs and DON’Ts
- **DO** jot down details about the accident and circumstances such as weather conditions and visibility.
- **DO** notify your FS, Headway, and your insurance agent about the accident immediately. If you are working as a traveling interviewer in a rental car, notify the car rental agency as well.
- **DO NOT** sign any document unless it is for the police or your insurance agent.

Headway Staffing Services’ Accident/Injury Reporting Procedures
- In the event of an accident, the employee must contact his/her FS immediately. The employee must also contact a Headway Representative directly to report the accident within 24 hours of the injury. **If you’re calling after hours, leave a message.**

  - Employees are expected to seek treatment at an Emergency Room, Urgent Care Facility, or General Practitioner. If the employee seeks treatment elsewhere, the employee may be responsible for payment depending on the applicable state workers’ compensation laws.
  
  - Whenever possible, the employee will notify a Headway representative before seeking medical treatment.
  
  - The employee will provide a signed written statement to Headway detailing the nature and extent of all injuries sustained at work.
  
  - The employee is required to submit the results of all evaluations to a Headway representative, as well as any doctor’s notes that prevent the employee from working, within 24 hours of any doctor’s visit related to injury.
  
  - Headway will investigate all on-the-job injuries thoroughly to determine causes and contributing factors. The employee will cooperate with the investigation of any accident he/she is involved in or witness to. Workers’ Compensation fraud is a felony offense and Headway will prosecute anyone proven to be committing fraud.
  
  - If physical therapy or surgery (in the event of a non-threatening injury) is recommended, pre-authorization must be obtained from the worker’s compensation insurance carrier in order to guarantee payment of services. The physician should contact the Human Resources Department of Headway at (XXX) XXX-XXXX for approval.

**Failure to comply with these policies and procedures may jeopardize your workers’ compensation benefits.** Please also be reminded that workers’ compensation laws vary from state to state. There may be additional requirements that you must meet in compliance with your state’s laws.
Refusal Reasons

Use these descriptions to help you classify refusals in the iPAQ.

1. **Too busy/no time/did too many surveys already**
The number one reason for refusals is lack of time.

2. **Surveys/Govt. invasive/teen exposure**
These people feel that the government invades their privacy too much with surveys. There may be philosophical, political, or religious reasons for not participating in surveys. Parents may be concerned about exposing their teen to the sensitive subject matter in the survey.

3. **Clarify confidentiality, legitimacy, or selection**
Be sure to listen carefully to what respondents are telling you—questions about the legitimacy of the survey or how the survey guarantees confidentiality can often be explained by you on the doorstep, if you understand their concern.

4. **“Nothing in it for me”/uncooperative**
Although rare, sometimes people will either not give a reason for their refusal or they’ll tell you that there’s no reason for them to participate.

5. **Gatekeeper/Parent/HH member disallow**
Sometimes you encounter a refusal situation controlled by another person besides the person selected for the interview. A spouse, parent, guardian, or another influential person in the household may refuse for the selected individual, or deny you the ability to talk directly to the selected person. Even if you are able to talk with the selected person, he or she may refuse because of the other person’s opinions.

6. **Welfare or INS concern**
Persons involved with various government programs may fear that you are a welfare worker or an immigration officer checking on their status.

7. **Too ill/house messy/not dressed**
These refusals are situational and will not generate a refusal letter. They refused because you caught them at an awkward time.

8. **Need to discuss with FS**
In some cases, a respondent’s refusal won’t fit any of the above categories, but you are able to gather a sense of what is preventing them from participating. With this option write a very specific note in the refusal comment section to alert your FS. Then you can talk with him/her about how best to handle the refusal.

CAI Interview Edit Checklist

DURING ACASI

- Be available to assist the respondent as needed, but be unobtrusive. Be receptive to signals that the respondent is having problems, and offer assistance.
- **Prepare the Quality Control Form:**
  - Carefully record the **Case ID** including either the A or B.
  - Make sure your **name and ID #** are printed on the form along with the **time and current date**.
  - If the respondent is a minor, indicate which **parent** (or guardian) gave permission for the interview.
- **Prepare the Interview Payment Receipt:**
  - Carefully record the **Case ID** including either the A or B.

- Enter controlled access information into the iPAQ.
- Update your iPAQ ROCs and your work plan for the day.
- Re-read portions of the FI Computer Manual or the FI Manual (remove a chapter or two at a time from the binder).
- Re-read the Job Aids in the Showcard Booklet.
- Review project materials looking for new tips to use when obtaining cooperation.

END OF THE INTERVIEW TASKS

- When prompted to do so, **carefully enter the VerifID** from the Quality Control Form.
- If the respondent is a minor, ask a parent/guardian to complete the form. If a parent is not available, it is acceptable for the youth to complete it.
- **Ask the respondent/parent to complete the same Quality Control Form**, then have the respondent/parent place it in the envelope and seal it.
- Mail the envelope promptly.
- **Pay** the respondent and **complete the Interview Payment Receipt by signing and dating** the prepared form. Mark the appropriate box, then give the respondent the top copy.
- Check that the Case ID is recorded in the upper right corner, and mail Reference Date Calendar and Interview Payment Receipt (FS copy) to your FS weekly.
- Pack the equipment and materials including this Showcard Booklet!
- **Thank respondent!**
- Update iPAQ Record of Calls for completed interview.
Quick Reference Guide

In the CAI Manager, if you want to:  
- **PRESS**
  - Start an interview .......................................................... [Alt] [s]  
  - Cancel the start of an interview ........................................ [Alt] [n]  
  - Resume (re-start) an interview ......................................... [Alt] [s]  
  - Transmit data to RTI .......................................................... [Alt] [t], [y]  
  - View e-mail messages ......................................................... [Alt] [v]  
  - Start the ePTE Program ...................................................... [Alt] [p]  
  - List the cases by Descending Order (based on date) .......... [Alt] [y]  
  - List the cases in Ascending Order (based on date) .......... [Alt] [g]  
  - Hide previous quarters’ interviews .................................... [Alt] [h]  
  - Exit CAI Manager .............................................................. [Alt] [x]

To begin a CAI Interview:  
- Enter QuestID from IPAQ for selected sample member.  Double check!

In the Interview, if you need to:  
- **PRESS**
  - Break off an interview .......................................................... [Alt] [f], [x]  
  - Enter Don’t Know ................................................................. [F3]  
  - Enter Refused ........................................................................ [F4]  
  - Return to the first screen ......................................................... [F5]  
  - Return to the first unanswered question ............................ [F6]  
  - Toggle audio on/off ............................................................... [F7]  
  - Enter a comment ................................................................. [F8]  
  - Save a comment ................................................................. [Alt] [s]  
  - Back up one screen ............................................................. [F9]  
  - Replay audio ........................................................................ [F10]  
  - Edit a lengthy text field ......................................................... [Ins]  
  - Return the focus to the CAI window so the top bar is blue ...... [Alt] [Tab]

To suppress a Hard Error in the interview, involving two questions:  
- Read the message box carefully.  
  - If the first question listed is the one to be changed, press [Enter].  
  - If the second question listed is the one to be changed, press the down arrow key to highlight the second question, then press [Enter].  
  - In the rare but possible event that neither question needs to be changed and the data entered are correct, press [Tab] until the Suppress box is highlighted and then press [Enter].

To Edit a lengthy response:  
- With the cursor blinking in the answer field, press the Insert key [Ins].  You can then use the arrow keys to move to the precise place within the answer field and add additional text or edit existing text.
