**Terms of Use**

These data are distributed under the following terms of use. By continuing past this page, you signify your agreement to comply with the requirements as stated below:

**Privacy of Research Subjects**

Any intentional identification of a research subject (whether an individual or an organization) or unauthorized disclosure of his or her confidential information violates the promise of confidentiality given to the providers of the information. Disclosure of confidential information may also be punishable under federal law. Therefore, users of data agree:

- To use these datasets solely for research or statistical purposes and not for re-identification of specific research subjects.
- To make no use of the identity of any research subject discovered inadvertently and to report any such discovery to CBHSQ and SAMHDA (samhda-support@samhsa.hhs.gov)

**Citing Data**

You agree to reference the recommended bibliographic citation in any of your publications that use SAMHDA data. Authors of publications that use SAMHDA data are required to send citations of their published works for inclusion in a database of related publications.

**Disclaimer**

You acknowledge that SAMHSA will bear no responsibility for your use of the data or for your interpretations or inferences based upon such uses.
Violations

If CBHSQ determines that this terms of use agreement has been violated, then possible sanctions could include:

- Report of the violation to the Research Integrity Officer, Institutional Review Board, or Human Subjects Review Committee of the user's institution. A range of sanctions are available to institutions including revocation of tenure and termination.
- If the confidentiality of human subjects has been violated, then report of the violation may be made to the Federal Office for Human Research Protections. This may result in an investigation of the user's institution, which can result in institution-wide sanctions including the suspension of all research grants.
- Court awarded payments of damages to any individual(s)/organization(s) harmed by the breach of confidential data.

Promise of confidentiality

A promise to a respondent or research participant that the information the respondent provides will not be disseminated in identifiable form without the permission of the respondent; that the fact that the respondent participated in the study will not be disclosed; and that disseminated information will include no linkages to the identity of the respondent. Such a promise encompasses traditional notions of both confidentiality and anonymity. In most cases, federal law protects the confidentiality of the respondent's identity as referenced in the Promise of Confidentiality. Under this condition, names and other identifying information regarding respondents would be confidential.

Research subject
A person or organization that participates in a research study. A research subject may also be called a respondent. A respondent is generally a survey respondent or informant, experimental or observational subject, focus group participant, or any other person providing information to a study.

Information about Copyrighted Content

Some instruments administered as part of this study may contain in whole or substantially in part contents from copyrighted instruments. Reproductions of the instruments are provided as documentation for the analysis of the data associated with this collection. Restrictions on "fair use" apply to all copyrighted content. More information about the reproduction of copyrighted works by educators and librarians is available from the United States Copyright Office.

NOTICE
WARNING CONCERNING COPYRIGHT RESTRICTIONS

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.
Summary

The National Survey on Drug Use and Health (NSDUH) series (formerly titled National Household Survey on Drug Abuse) primarily measures the prevalence and correlates of drug use in the United States. The surveys are designed to provide quarterly, as well as annual, estimates. Information is provided on the use of illicit drugs, alcohol, and tobacco among members of United States households aged 12 and older. Questions included age at first use as well as lifetime, annual, and past-month usage for the following drug classes: marijuana, cocaine (and crack), hallucinogens, heroin, inhalants, alcohol, tobacco, and nonmedical use of prescription drugs, including pain relievers, tranquilizers, stimulants, and sedatives. The survey covered substance abuse treatment history and perceived need for treatment, and included questions from the Diagnostic and Statistical Manual (DSM) of Mental Disorders that allow diagnostic criteria to be applied. The survey included questions concerning treatment for both substance abuse and mental health related disorders. Respondents were also asked about personal and family income sources and amounts, health care access and coverage, illegal activities and arrest record, problems resulting from the use of drugs, and needle-sharing. Questions introduced in previous administrations were retained in the 2008 survey, including questions asked only of respondents aged 12 to 17. These "youth experiences" items covered a variety of topics, such as neighborhood environment, illegal activities, drug use by friends, social support, extracurricular activities, exposure to substance abuse prevention and education programs, and perceived adult attitudes toward drug use and activities such as school work. Several measures focused on prevention-related themes in this section. Also retained were questions on mental health and access to care, perceived risk of using drugs, perceived availability of drugs, driving and personal behavior, and cigar smoking. Questions on the tobacco brand used most often were introduced with the 1999 survey. For this 2008 survey, Adult mental health questions were added to measure symptoms of psychological distress in the worst period of distress that a person experienced in the past 30 days and suicidal ideation. A split-sample design also was included to administer separate sets of questions to assess impairment due to mental health problems. Background information includes gender, race, age, ethnicity, marital status, educational level, job status, veteran status, and current household composition.
**Universe**

The civilian, non-institutionalized population of the United States aged 12 and older, including residents of non-institutional group quarters such as college dormitories, group homes, shelters, rooming houses, and civilians dwelling on military installations.

Module Specific

Introduction

- The CAI instrument version and the OMB expiration date for the main study were updated.

Special Drugs

- The pillcards displayed on-screen for questions SD20 and SD21 (Lifetime use of Adderall and Ambien, respectively) were updated to include new dose levels.

Substance Dependence and Abuse

- Universe logic for the stimulants, sedatives and hallucinogens portions of the Substance Dependence and Abuse module was updated to include the Adderall, Ambien and additional hallucinogens users identified in the Special Drugs module.

Mental Health

- The name of the Psychological Distress module was changed to Mental Health module, and was expanded to include a 30-day version of the K-6 (NERVE30-WORST30), the WHO-DAS (LIKERT-IMDAYS), Sheehan Disability Scale (MHAD66a-MHAD68) and a suicidal ideation screen (SUI01-SUI05). All adult respondents receive the expanded K-6 and suicidal ideation questions. Half of the adult sample will receive the WHO-DAS Scale, while the other half of the adult sample will receive the Sheehan Scale.

Back-End Demographics

Residence

- Questions regarding displacement due to Hurricanes Katrina and Rita in 2005 (QD13d, QD13e and QD13f) were deleted.

Health Insurance and Income

- State program names for Medicaid, CHIP and TANF were updated.
**Income**

- A split-sample study, embedded within the 2006 and 2007 NSDUHs, compared a shorter version of the income questions with the original, longer version previously used. The study showed no difference in response patterns when the shorter version was used. This shorter version was adopted for the 2008 NSDUH and will be used for future NSDUH surveys.

**Mental Health Surveillance Study**

- Screens were added to the end of the interview to recruit selected respondents into the follow-up SCID interview. These questions include RECRUIT1, REFFEAS, RECRUIT2, INCENTMH and THANKR2

Throughout the rest of this interview, the computer will ask you questions about three time periods, the past 30 days, the past 12 months, and your lifetime. To help you remember the first two time periods, let’s mark this calendar with the beginning dates for each one of them.

Show Calendar to Respondent.

Now let’s think about the past 30 days. According to the calendar [DATEFILL] was 30 days ago. I’ll call that your 30-day reference date, and I will write [DATEFILL] here on the calendar.

Write [DATEFILL] for 30-day reference date on calendar and circle day; underline entire 30-day period.

Press [ENTER] to continue.

A number of questions will ask about the past 12 months, that is since this date last year. According to the calendar [DATEFILL] was 12 months ago. I’ll call that your 12-month reference date.

Write [DATEFILL] for 12 month reference date on calendar, and circle day on calendar.

Press [ENTER] to continue.

Please use this calendar as we go through the interview to help you remember when different things happened. I will remind you to think about your 30-day reference date and your 12-month reference date when I ask you questions.

Give the calendar to the respondent. Press [ENTER] to continue.
Beginning ACASI Section

IntroAcasi1 You will do an important part of this interview on your own, using the computer and headphones. Before you start, we’ll go through a short practice session so you can learn how to use this computer and our interview program. Let me quickly point out the keys you will use. The computerized practice session that follows will go through what each key does in greater detail.

MOVE COMPUTER SO RESPONDENT CAN SEE THE KEYBOARD AND POINT OUT THE FOLLOWING:

[POINT TO THE ROW OF FUNCTION KEYS] First, these are the function keys. The function keys and what they do are labeled for you.

[POINT TO F3] If you don’t know the answer to a question, press F3.

[POINT TO F4] If you don’t want to answer a question, press F4.

[POINT TO F7] If you want to turn the sound off, press F7. To turn it on again, press F7 again.

PRESS [ENTER] TO CONTINUE.

IntroAcasi3 These next items will help you enter your answers into the computer.

[POINT TO THE ROW OF NUMBER KEYS] These are the number keys.

[POINT TO THE ENTER KEY] The Enter key is here, [POINT TO THE SPACE BAR] the space bar is here, [POINT TO THE BACKSPACE KEY] and the Backspace key is here.

[POINT TO THE BOTTOM OF THE SCREEN] The answers that you enter will show up here at the bottom of the screen.

PRESS [ENTER] TO CONTINUE.

IntroAcasi4 There are a couple of computer features that you will not use.

[POINT TO ON/OFF SWITCH] This button up here turns the machine on and off. Please do not press it! It will turn the machine off, and we’ll lose the interview.

[POINT TO TOUCHPAD] Also, please do not touch this pad. This might disrupt the interview.

PRESS [ENTER] TO CONTINUE.

IntroAcasi2 Lastly, these headphones will allow you to listen to the interview questions.

HAND HEADPHONES TO RESPONDENT.

You can adjust the volume here [DEMONSTRATE VOLUME ADJUSTMENT ON THE HEADPHONE CORD].

Please put on your headphones. When you are ready, let me know.

MOVE COMPUTER SO RESPONDENT CAN USE IT. [BREAK]

ONCE RESPONDENT HAS HEADPHONES ON, PRESS “1” AND [ENTER] SO R CAN BEGIN PRACTICE SESSION.

HeadPhone This screen will play while you adjust the volume in your headphones. When you have adjusted the volume to a level that is comfortable to you, press the large [ENTER] key on the right side of the keyboard to continue with the practice session. The [ENTER] key is the one with the 5 symbol on it.
**Tutorial**

**INTRO1**  Welcome to RTI’s self-interviewing system, which lets you control the interview and answer in complete privacy. In this system, you can read the questions on the computer screen and hear them read through the headphones.

First, you will learn how to use the system and complete some practice questions. You will learn how to enter answers and how to back-up if you make a mistake and want to change an answer.

Press the large [ENTER] key on the right side of the keyboard to move to the next screen. The [ENTER] key is the one with the 5 symbol on it.

**INTRO2**  In this system you can read the questions on the computer screen and hear them read through the headphones. If you would like to just see the questions on the screen, you can turn off the voice.

Press the large [ENTER] key on the right side of the keyboard to move to the next screen. The [ENTER] key is the one with the 5 symbol on it.

**GOTDOG**  You answer questions by putting in the number that is shown next to your answer. The numbers are located in the second row of the keyboard.

To answer a question, you first press the correct number and then press [ENTER].

Do you have a dog?

1   Yes
2   No
DK/REF

**EYECOLOR**  The last question was a Yes-No question. Other questions will have more answers to choose from, and you will pick your answer from a list.

What color are your eyes? Put in the number that best fits you and press the [ENTER] key.

1   Blue
2   Brown
3   Gray
4   Green
5   Some other color
DK/REF

**ALLAPPLY**  Some questions will let you choose more than one answer. For these questions, you will use the space bar to separate the answers you type in. Practice this now.

What kinds of music do you listen to?

To select more than one kind of music from the list, press the space bar between each number you type. When you have finished, press the [ENTER] key to go to the next question.

1   Classical
2   Country
3   Hip Hop
4   Jazz
5   Latin American/Spanish
6   Other Folk/Ethnic
7   Pop/Rock
8   Soul/R&B
9   Techno
DK/REF

**NUMBER**  Other questions will ask you to type in a number instead of choosing a number from a list.

In the past 30 days, on how many days did you eat breakfast? Type in the number of days you ate breakfast and press [ENTER].
STOPLIST

If you hear your answer before the end of the list, you can put in your answer while the list is being read. Practice this now. Remember to press [ENTER].

When do you want to interrupt this list?

1 First answer
2 Second answer
3 Third answer
4 Fourth answer

BACKUP

If you want to change or see your answer to a previous question, you can back up using the [F9] key. Each time you press the [F9] key, the computer will go back one question.

Press [ENTER] to continue.

DOAGAIN

You can tell the computer to repeat a question by pressing [F10]. Try this now.

How many times did you listen to this screen?

1 I have listened to this screen more than once.
2 I have only listened to this screen one time

rangeerr

For some questions, the computer can only accept certain answers. For example, in the question below, the only numbers the computer will accept are 1 for YES or 2 for NO.

If you try to enter some other number, an instruction box will appear. To correct your answer, you must press the [ENTER] key to make the box disappear. You can then answer the question again.

Try this with the question below. Type a 3 as your answer. Press the [ENTER] key to remove the instruction box, then type in a valid answer.

Do you have a cat?

1 Yes
2 No

INCONSIS

At times the computer may ask you to think again about one of your answers. Other times, it may think two of your answers disagree. It will ask you to tell which one is correct and then fix the wrong one.

Also, at certain times the computer will tell you to ask your interviewer to show you some pictures. At that time, be sure to ask for these pictures.

Press [ENTER] to continue.

ANYQUES

If you have any questions, ask your interviewer now. If not, press [ENTER] to begin.
Tobacco

LEADCIG These questions are about your use of tobacco products. This includes cigarettes, chewing tobacco, snuff, cigars, and pipe tobacco. The first questions are about cigarettes only.

Inhalants

INHINTRO These next questions are about liquids, sprays, and gases that people sniff or inhale to get high or to make them feel good.

We are not interested in times when you inhaled a substance accidentally — such as when painting, cleaning an oven, or filling a car with gasoline. The questions use the word 'inhalant' to include all the things listed below, as well as any other substances that people sniff or inhale for kicks or to get high. Take a moment to look at the substances listed below so you know what kinds of liquids, sprays, and gases these questions are about.

Amyl nitrite, 'poppers,' locker room odorizers, or ‘rush’
Correction fluid, degreaser, or cleaning fluid
Gasoline or lighter fluid
Glue, shoe polish, or toluene
Halothane, ether, or other anesthetics
Lacquer thinner, or other paint solvents
Lighter gases, such as butane or propane
Nitrous oxide or ‘whippets’
Spray paints
Other aerosol sprays

Now we have some questions about drugs that people are supposed to take only if they have a prescription from a doctor.

We are only interested in your use of a drug if:

- the drug was not prescribed for you, or
- you took the drug only for the experience or feeling it caused.

Press [ENTER] to continue.
Pain Relievers

INTROPR1 These questions are about the use of pain relievers. We are not interested in your use of “over-the-counter” pain relievers such as aspirin, Tylenol, or Advil that can be bought in drug stores or grocery stores without a doctor’s prescription.

Ask your interviewer to show you Card A.

Press [ENTER] to continue.

INTROPR2 Card A shows pictures of some different kinds of prescription pain relievers and lists the names of some others. These pictures show only pills, but we are interested in your use of any form of prescription pain relievers that were not prescribed for you or that you took only for the experience or feeling they caused.

Please look at Card A carefully as you answer the next questions.

Press [ENTER] to continue.

PR01 Please look at the pain relievers shown in Box 1 above the red line on Card A.

Have you ever, even once, used Darvocet, Darvon, or Tylenol with codeine that was not prescribed for you or that you took only for the experience or feeling it caused?

1 Yes
2 No

Tranquilizers

INTROTR1 These next questions ask about the use of tranquilizers. Tranquilizers are usually prescribed to relax people, to calm people down, to relieve anxiety, or to relax muscle spasms. Some people call tranquilizers ‘nerve pills.’

Ask your interviewer to show you Card B.

Press [ENTER] to continue.

INTROTR2 Card B shows pictures of some different kinds of prescription tranquilizers. These pictures show only pills, but we are interested in your use of any form of prescription tranquilizers that were not prescribed for you or that you took only for the experience or feeling they caused.

Please look at Card B carefully as you answer the next questions.

Press [ENTER] to continue.

TR01 Please look at the tranquilizers shown in Box 1 above the red line on Card B.

INTROST1
These next questions ask about the use of drugs such as amphetamines that are known as stimulants, 'uppers,' or 'speed.' People sometimes take these drugs to lose weight, to stay awake, or for attention deficit disorders. We are not interested in the use of "over-the-counter" stimulants such as Dexatrim or No-Doz that can be bought in drug stores or grocery stores without a doctor's prescription.

Ask your interviewer to show you Card C.

Press [ENTER] to continue.

INTROST2
Card C shows pictures of some different kinds of prescription stimulants and lists the names of some others. These pictures show only pills, but we are interested in your use of any form of prescription stimulants that were not prescribed for you or that you took only for the experience or feeling they caused.

Please look at Card C carefully as you answer the next questions.

Press [ENTER] to continue.

INTROSV1  These next questions ask about the use of sedatives or barbiturates. These drugs are also called “downers” or “sleeping pills.” People take these drugs to help them relax or to help them sleep. We are not interested in the use of “over-the-counter” sedatives such as Sominex, Unisom, Nytol, or Benadryl that can be bought in drug stores or grocery stores without a doctor’s prescription.

Ask your interviewer to show you Card D.

Press [ENTER] to continue.

INTROSV2  Card D shows pictures of some different kinds of prescription sedatives and lists the names of some others. These pictures show only pills, but we are interested in your use of any prescription sedatives that were not prescribed for you, or that you took only for the experience or feeling they caused.

Please look at Card D carefully as you answer the next questions.

INTERVIEWER NOTE:
CHAMPUS stands for Comprehensive Health and Medical Plan for the Uniformed Services. It provides health care in private facilities for dependents of military personnel on active duty or retired for reasons other than disability. In some areas, this may be known as TRICARE.

CHAMPVA stands for Comprehensive Health and Medical Plan of the Veterans Administration. It provides health care for the spouse, dependents, or survivors of a veteran who has a total, permanent service-connected disability.
Military health care refers to health care available to active duty personnel and their dependents; in addition, the VA provides medical assistance to veterans of the Armed Forces, particularly those with service-connected ailments.
